**GROUP STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2021**

BUSINESS REVIEW

The Group continued to make strong progress in 2021 and completed the acquisition of the assets and trade of DJB Instruments (UK) Limited and the company acquisition of DJB Instruments Sarl in France.

The Group have maintained its focus on pursuing a strategy of developing its capabilities and to maintain its emphasis on strengthening relationships with its customers. This strategy allows for close collaboration and a deeper understanding of customer needs in order to meet their specific individual requirements. The Group aims to operate at the highest standards and has a reputation for successful and on-time programme execution. The Group continues to identify and pursue opportunities for growth.

Product and service enhancements are planned to continue in order to diversify the range of offerings, support penetration into new territories and, to improve the level of revenue generation from the Group's service and support capabilities. The Group continues to concentrate on attaining a technological edge within its niche markets and remains focused on developing strategic relationships with key partners, academia and customers in order to deliver innovative solutions and strengthen its capabilities.

Strategic emphasis has been maintained on staff training and development by the Group and its subsidiaries, as this is considered essential to sustain both market position and future growth.

The successful acquisition of SEMIA SAS during late 2020 has materially strengthened the Group's position within a key European territory as seen in the 2021 financial year, further expanding the Group's product offering and service capability.

FUTURE DEVELOPMENTS

Looking forward, the outlook for the Group remains positive, with the board confident of securing new contracts and delivering projects on budget. This, in turn, will also continue to broaden the Group's technological base and customer offerings.

Furthermore, the board are confident that the continued investment in technology and know-how will enable the Group to maintain its strong market position and be well placed to deliver growth over the medium term.

PRINCIPAL RISKS AND UNCERTAINTIES

The board sets the policy for managing risk within the Group and recognises the importance of identifying, mitigating and managing both the financial and non-financial risks facing the Group.

The key risks and uncertainties for the Group relate to the following:

- Inherent risk of trading within a global marketplace including exchange rate movements and export controls
- Implications of Brexit both positive and negative
- Loss of key talent / failure to recruit key competencies
- Deferral in new order receipts
- Significant business interruption risk affecting one of the Groups operational locations or its supply chain
- Failure to comply with laws and regulations
- Cyber Security and IT risks

These principal risks and uncertainties could have an impact on the future performance of the Group, however, these are regularly reviewed, managed and mitigated to reduce any potential impact on the reported performance of the Group.

COVID-19

As a result of the COVID-19 pandemic, the Group established a dedicated COVID-19 Management Team who met regularly throughout the year to assess the ongoing situation and implement actions, as necessary, based upon evolving Government advice, policy and procedure.

In particular, there was a need to carefully manage the restrictions both within the workplace and on national and

GROUP STRATEGIC REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2021

international travel which continued throughout most of the financial year.

Following the easing of restrictions during 2021 the Group were able to resume overseas travel to key territories. Despite the travel restrictions imposed as a result of the pandemic, the Group ensured that it continued to proactively engage with its key customers and supply chain throughout the year.

The Group and its subsidiaries developed and implemented mitigating actions to ensure that the Group was able to continue to operate as efficiently and effectively as possible during these unprecedented times. The locations and layout of our operating facilities supported the recommended social distancing measures and we introduced, and continue to offer, hybrid working to support our staff.

The Group operates within niche sectors and the diversity of both its product offering and customer portfolio across all subsidiaries provides a layer of resilience for the Group. Furthermore, several of the Group's core activities are considered to be essential services to its military, Public sector and power generation customers across the world which minimised the impact to the Group's service and support revenue streams.

The results for the Group for 2021 were very strong and we start the 2022 financial year with a very strong Order Book. The Group have continued to maintain good contact with its customer base and the board are confident in securing the key orders which have been forecast for 2022.

KEY PERFORMANCE INDICATORS

Results for the Group for the period ending December 2021 met expectations. Order Intake in the year was exceptionally strong resulting in an extremely solid Order Book at year-end which underpins our forecast for the coming year.

A summary of the results and key performance indicators for the Group for the year ended 31 December 2021 is presented below:

	2021	2020
	£	£
Sales	13,119,315	10,216,407
Operating profit	1,333,644	1,044,939
Earnings before interest, tax, depreciation and amortisation ("EBITDA")	1,725,125	1,550,685
Net assets	<u>6,701,192</u>	<u>5,793,799</u>

The Group trades internationally and has wholly-owned subsidiaries in key territories - UK, Europe and the US. Details of territorial sales are shown in Note 4. The performance for all subsidiary businesses within each of the key territories met expectations during 2021.

This report was approved by the board on 15 June 2022 and signed on its behalf.

R J Allen ACMA
 Director

**DIRECTORS' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2021**

The directors present their report and the financial statements for the year ended 31 December 2021.

PRINCIPAL ACTIVITY

Condition Monitoring Technology Group (CMTG) Limited is the Parent Company of a Group whose principal activities are detailed as follows:

- Helitune – the manufacture and sale of electronic instrumentation for Vibration Analysis of rotary wing aircraft for both military and civil helicopter applications.
- Beran Instruments – the manufacture and sale of electronic instrumentation used mainly for Condition Monitoring activities on industrial rotating plant.
- Prosig – the manufacture and sale of electronic instrumentation and software for noise, vibration and harshness testing for the automotive, aerospace, and power generation industries.
- DJB - the manufacture and sale of precision and industrial accelerometers and associated instrumentation and calibration services.
- Systems and Electronics – the manufacture and sale of electronic instrumentation used for Structural Analysis within the military aviation market.
- SEMIA – the manufacture and sale of electronic instrumentation for Vibration Analysis of gas turbine engines and rotary wing aircraft for both military and civil helicopter applications

RESULTS AND DIVIDENDS

The profit for the year, after taxation, amounted to £1,059,741 (2020:£958,810).

Dividends of £37,332 were paid to the shareholders in the financial year.

DIRECTORS

The directors who served during the year were:

FUTURE DEVELOPMENTS

Disclosed in the strategic report.

DISCLOSURE OF INFORMATION TO AUDITORS

Each of the persons who are directors at the time when this Directors' report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the Company and the Group's auditors are unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company and the Group's auditors are aware of that information.

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2021**

POST BALANCE SHEET EVENTS

There have been no significant events affecting the Group since the year end.

AUDITORS

The auditors, Bishop Fleming LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board and signed on its behalf.

**DIRECTORS' RESPONSIBILITIES STATEMENT
FOR THE YEAR ENDED 31 DECEMBER 2021**

The directors are responsible for preparing the Group strategic report, the Directors' report and the consolidated financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the Group for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the Group's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and the Group and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CONDITION MONITORING TECHNOLOGY GROUP LIMITED

OPINION

We have audited the financial statements of Condition Monitoring Technology Group Limited (the 'parent Company') and its subsidiaries (the 'Group') for the year ended 31 December 2021, which comprise the Group Statement of Comprehensive Income, the Group and Company Statements of Financial Position, the Group Statement of Cash Flows, the Group and Company Statement of Changes in Equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Group's and of the parent Company's affairs as at 31 December 2021 and of the Group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

CONCLUSIONS RELATING TO GOING CONCERN

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Group's or the parent Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

OTHER INFORMATION

The other information comprises the information included in the Annual Report other than the financial statements and our Auditors' report thereon. The directors are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CONDITION MONITORING TECHNOLOGY GROUP LIMITED
(CONTINUED)**

OPINION ON OTHER MATTERS PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Group strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Group strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

In the light of the knowledge and understanding of the Group and the parent Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Group strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

RESPONSIBILITIES OF DIRECTORS

As explained more fully in the Directors' responsibilities statement set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Group's and the parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the parent Company or to cease operations, or have no realistic alternative but to do so.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CONDITION MONITORING TECHNOLOGY GROUP LIMITED
(CONTINUED)**

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Group financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, we considered the following:

- the nature of the sector, control environment and the Group and Parent Company's performance;
- results of our enquiries of management and the Directors, about their own identification and assessment of the risks of irregularities;
- any matters we identified having obtained and reviewed the Group and Parent Company's documentation of their policies and procedures relating to: identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance; detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud; the internal controls established to mitigate risks of fraud or non-compliance with laws and regulations; and
- the matters discussed among the audit engagement team regarding how and where fraud might occur in the financial statements and any potential indicators of fraud.

As a result of these procedures, we have considered the opportunities and incentives that may exist within the organisation for fraud and identified the highest area of risk to be in relation to revenue recognition, with a particular risk in relation to year-end cut-off. In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override.

We identified and obtained an understanding of the laws and regulations that are of significance to the Group and to the Parent Company by discussions with directors and by updating our understanding of the sector in which the Group and the Parent Company operated in. Laws and regulations that are of direct significance to the Group, and of which non-compliance could result in material misstatement, are considered to be the UK Companies Act, FRS 102 and UK and overseas tax legislation.

In addition, we considered provisions of other laws and regulations that do not have a direct effect on the financial statements but compliance with which may be fundamental to the Group's ability to operate or to avoid a material penalty. These included data protection regulations, health and safety regulations, employment legislation, data protection laws, EASA certification, ISO certification, AS9100D certification and the Dangerous Goods act.

Our procedures to respond to risks identified included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- reviewing the financial statement disclosures and testing to supporting documentation to assess the recognition of revenue;
- enquiring of Directors and management concerning actual and potential litigation and claims;
- performing procedures to confirm material compliance with the requirements of the above regulations;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;

- reading minutes of Director meetings; and
- in addressing the risk of fraud through management override of controls, testing the appropriateness of

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CONDITION MONITORING TECHNOLOGY GROUP LIMITED
(CONTINUED)**

journal entries and other adjustments; and assessing whether the judgements made in making accounting estimates are indicative of a potential bias.

We also communicated relevant identified laws and regulations and potential fraud risks to all engagement team members and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from an error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' report.

USE OF OUR REPORT

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

1. GENERAL INFORMATION

Condition Monitoring Technology Group Limited ("the Company"), registered number 05794029, is a limited company domiciled and incorporated in England and Wales. The registered office is Hatchmoor Industrial Estate, Great Torrington, North Devon, EX38 7HP.

The Group consists of Condition Monitoring Technology Group Limited and all of its subsidiaries. The principal activities of the Company and its subsidiaries are disclosed in the Directors' Report.

2. ACCOUNTING POLICIES

2.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires Group management to exercise judgment in applying the Group's accounting policies (see note 3).

The Company has taken advantage of the exemption allowed under section 408 of the Companies Act 2006 and has not presented its own Statement of Comprehensive Income in these financial statements.

The following principal accounting policies have been applied:

2.2 BASIS OF CONSOLIDATION

The consolidated financial statements present the results of the Company and its own subsidiaries ("the Group") as if they form a single entity. Intercompany transactions and balances between group companies are therefore eliminated in full.

The consolidated financial statements incorporate the results of business combinations using the purchase method. In the Statement of financial position, the acquiree's identifiable assets, liabilities and contingent liabilities are initially recognised at their fair values at the acquisition date. The results of acquired operations are included in the Consolidated statement of comprehensive income from the date on which control is obtained. They are deconsolidated from the date control ceases.

In accordance with the transitional exemption available in FRS 102, the group has chosen not to retrospectively apply the standard to business combinations that occurred before the date of transition to FRS 102, being 01 October 2013.

Therefore, the Group continues to recognise a merger reserve which arose on a past business combination that was accounted for as a merger in accordance with UK GAAP as applied at that time.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

2. ACCOUNTING POLICIES (continued)

2.3 GOING CONCERN

The Group relies on its existing bank facilities to meet its day-to-day working capital requirements. Current financial forecasts indicate that the Group expects to be able to comfortably operate within these facilities for the whole of the foreseeable future. The directors are not aware of any circumstances that may adversely affect the renewal of these facilities.

The directors have also concluded that there are no material uncertainties related to events or conditions that, individually or collectively, may cast significant doubt on the Group's ability to continue as a going concern.

The directors have reviewed the Group's current stock holdings, working environment and future trading ability, and as a result, have concluded that the Group's financial position and trading outlook means the financial statements can be prepared on a going concern basis.

2.4 FOREIGN CURRENCY TRANSLATION

Functional and presentation currency

The Group's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Consolidated Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in profit or loss within 'other operating income'.

On consolidation, the results of overseas operations are translated into Sterling at rates approximating to those ruling when the transactions took place. All assets and liabilities of overseas operations are translated at the rate ruling at the reporting date. Exchange differences arising on translating the opening net assets at opening rate and the results of overseas operations at actual rate are recognised in other comprehensive income.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

2. ACCOUNTING POLICIES (continued)

2.5 REVENUE

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

Sale of goods

Revenue from the sale of goods is recognised when all of the following conditions are satisfied:

- the Group has transferred the significant risks and rewards of ownership to the buyer;
- the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the Group will receive the consideration due under the transaction; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Rendering of services

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the Group will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

2.6 OPERATING LEASES: THE GROUP AS LESSEE

Rentals paid under operating leases are charged to profit or loss on a straight-line basis over the lease term.

2.7 GOVERNMENT GRANTS

Grants are accounted under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to profit or loss at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised in the Consolidated statement of comprehensive income in the same period as the related expenditure.

2.8 INTEREST INCOME

Interest income is recognised in profit or loss using the effective interest method.

2.9 FINANCE COSTS

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

2. ACCOUNTING POLICIES (continued)

2.10 BORROWING COSTS

All borrowing costs are recognised in profit or loss in the year in which they are incurred.

2.11 PENSIONS

DEFINED CONTRIBUTION PENSION PLAN

The Group operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity. Once the contributions have been paid the Group has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of financial position. The assets of the plan are held separately from the Group in independently administered funds.

2.12 CURRENT AND DEFERRED TAXATION

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company and the Group operate and generate income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Statement of Financial Position, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits;
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met; and
- Where they relate to timing differences in respect of interests in subsidiaries, associates, branches and joint ventures and the Group can control the reversal of the timing differences and such reversal is not considered probable in the foreseeable future.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

2. ACCOUNTING POLICIES (continued)

2.13 INTANGIBLE ASSETS

GOODWILL

Goodwill represents the difference between amounts paid on the cost of a business combination and the acquirer's interest in the fair value of the Group's share of its identifiable assets and liabilities of the acquiree at the date of acquisition. Subsequent to initial recognition, goodwill is measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is amortised on a straight-line basis to the Consolidated Statement of Comprehensive Income over its useful economic life.

OTHER INTANGIBLE ASSETS

Intangible assets are initially recognised at cost. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

All intangible assets are considered to have a finite useful life. If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

The estimated useful lives range as follows:

Development expenditure	-	5 years
Goodwill	-	1 - 7 years
Trademarks	-	7 years
Computer software	-	4 years

2.14 DEVELOPMENT COSTS

Research costs are written off as incurred. Development costs are capitalised within intangible assets, where they can be identified with a specific product or project anticipated to produce future benefits, and are amortised on the straight line basis over the anticipated life of the benefits arising from the completed product or project, which the directors review on a project-by-project basis to a maximum of five years.

Deferred development costs are reviewed annually, and where future benefits are deemed to have ceased or to be in doubt, the balance of any related development is written off to the Consolidated Statement of Comprehensive Income. Where the conditions of Section 18 of FRS 102 are not satisfied, expenditure on development is written off as incurred.

2.15 TANGIBLE FIXED ASSETS

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

2. ACCOUNTING POLICIES (continued)

2.15 TANGIBLE FIXED ASSETS (CONTINUED)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Freehold property	-	2% straight line
Plant and machinery	-	15% - 25% straight line
Motor vehicles	-	25% straight line
Fixtures and fittings	-	15% - 25% straight line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.16 VALUATION OF INVESTMENTS

Investments in subsidiaries are measured at cost less accumulated impairment.

2.17 STOCKS

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis. Work in progress and finished goods include labour and attributable overheads.

At each reporting date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

2.18 DEBTORS

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.19 CASH AND CASH EQUIVALENTS

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Consolidated Statement of Cash Flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Group's cash management.

2.20 CREDITORS

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

2. ACCOUNTING POLICIES (continued)

2.21 FINANCIAL INSTRUMENTS

The Group only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Consolidated statement of comprehensive income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Group would receive for the asset if it were to be sold at the reporting date.

Financial assets and liabilities are offset and the net amount reported in the Statement of financial position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.22 DIVIDENDS

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

3.

JUDGMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, the directors are required to make judgments, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are outlined below.

Amortisation and impairment of development costs and goodwill

The Group's products are subject to changing market demand. It is therefore necessary to consider on a periodic basis the rate of amortisation applied to capitalised development costs and goodwill and any impairment that might have arisen. Management assesses impairments by considering the saleability of the related products in the light of technological developments and projected future market conditions.

Useful economic lives of tangible assets

The annual depreciation charge is sensitive to any changes in the estimated useful life and residual values of tangible assets. The useful economic lives and residual value is assessed on an annual basis and are amended only when evidence shows a change in the estimated economic lives or residual life. Criteria used to assess the economic life and residual value includes technological advancement, economic utilisation, physical condition of the asset and future investments.

Impairment of stocks

The Group's products are subject to changing market demand. It is therefore necessary to consider on a periodic basis the recoverability of the cost of stocks and the associated impairment. Management calculates impairments by considering the nature and condition of the stocks and applies assumptions around anticipated saleability of finished goods and future usage of raw materials, overheads and labour.

Impairment of debtors

On a periodic basis management makes an estimation of the recoverability of debtors. Management makes such estimations based on the credit rating of debtors, the ageing profile, and historical experience.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

4. TURNOVER

An analysis of turnover by class of business is as follows:

	2021 £	2020 £
Manufacture and sale of electronic instrumentation	12,914,138	10,095,496
Grants receivable	205,177	120,911
	<u>13,119,315</u>	<u>10,216,407</u>

Analysis of turnover by country of destination:

	2021 £	2020 £
United Kingdom	3,961,573	2,746,055
Rest of Europe	5,740,349	4,473,599
Rest of the world	3,417,393	2,996,753
	<u>13,119,315</u>	<u>10,216,407</u>

5. OTHER OPERATING INCOME

	2021 £	2020 £

12. TAXATION (CONTINUED)

FACTORS AFFECTING TAX CHARGE FOR THE YEAR

The tax assessed for the year is lower than (2020: lower than) the standard rate of corporation tax in the UK of 19% (2020: 19%). The differences are explained below:

	2021 £	2020 £
Profit on ordinary activities before tax	<u>1,214,465</u>	<u>891,968</u>
Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 19% (2020: 19%)	230,748	169,474
EFFECTS OF:		
Expenses not deductible for tax purposes, other than goodwill amortisation and impairment	9,817	2,072
Capital allowances for year in excess of depreciation	(10,942)	3,147
Adjustments to tax charge in respect of prior periods	(2,140)	(17,353)
Adjustment in research and development tax credit leading to an increase (decrease) in the tax charge	(207,019)	(279,005)
Surrender of tax losses for R&D tax credit refund	8,193	40,936
Capital losses	(6,269)	(6,268)
Losses carried back	-	17,353
Other differences leading to an increase (decrease) in the tax charge	71,584	(23,129)
Adjust closing deferred tax to average rate	56,766	25,931
Movement in deferred tax not recognised	3,986	-
TOTAL TAX CHARGE FOR THE YEAR	<u>154,724</u>	<u>(66,842)</u>

FACTORS THAT MAY AFFECT FUTURE TAX CHARGES

There were no factors that may affect future tax charges.

13. DIVIDENDS

	2021 £	2020 £

25. RESERVES

Share premium account

The share premium account reflects the consideration received for shares issued above their nominal value, net of transaction costs.

Revaluation reserve

The revaluation reserve reflects the adjustment made to the carrying value of the Group's freehold land and buildings on transition to FRS 102 on 1 October 2013, when the Group elected to use a valuation of the freehold land and buildings as its deemed cost.

Capital redemption reserve

The capital redemption reserve reflects the nominal value of own shares which have been repurchased and subsequently cancelled.

Merger Reserve

The merger reserve reflects the net balance arising under merger accounting which was used to account for the group reconstruction that took place during the year ended 30 September 2008.

Profit and loss account

The profit and loss reserves reflect cumulative profits and losses net of distributions to shareholders.

The goodwill arising on acquisition is attributable to the identifiable net assets being in excess of the purchase consideration. The period in which this excess will be recognised in profit or loss is disclosed in Note 2.13.

27. CONTINGENT LIABILITIES

The Group is party to a cross-guarantee in favour of Santander UK Plc in respect of all amounts owed by Condition Monitoring Technology Group Limited, Beran Instruments Limited, Helitune Limited and Prosig Limited and DJB Instruments (UK) Limited. At the year end, the total amounts outstanding comprised overdrafts of £727,066 (2020: £899,489) and term loans of £2,121,362 (2020: £2,031,180).

The Group is party to a group VAT registration covering Condition Monitoring Technology Group Limited, Beran Instruments Limited and Helitune Limited, and is therefore jointly and severally liable for any amounts due. At the year end, the total amount owed by HMRC was £24,673 (2020: £46,922).

28. PENSION COMMITMENTS

The Group operates a defined contribution pension scheme for all qualifying employees. The assets of the scheme are held separately from those of the Company in an independently administered fund. During the year £116,563 (2020: £120,124) was charged to the Consolidated Statement of Comprehensive Income in respect of the scheme. Contributions of £23,453 (2020: £17,053) remained outstanding at the Statement of Financial Position date.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

29. COMMITMENTS UNDER OPERATING LEASES

At 31 December 2021 the Group and the Company had future minimum lease payments due under non-cancellable operating leases for each of the following periods:

	Group 2021 £	Group 2020 £
Not later than 1 year	79,800	49,800
Later than 1 year and not later than 5 years	133,293	182,600
	<u>213,093</u>	<u>232,400</u>

30. RELATED PARTY TRANSACTIONS

Remuneration of key management personnel

The remuneration of the Group's key management personnel (who are also the statutory directors of the Company) was £ 616,460 (2020: £507,378)

The Company has taken advantage of the exemption under Section 33 of FRS 102 and has not reported details of transactions or balances with other wholly-owned companies. Details of transactions with other related parties are given below.

Transactions with related companies

At the year end the Group owed Lynd & Co £Nil (2020: £2,068). Lynd & Co is a company owned by the daughter of A Lobato.

Transactions with directors and their relatives

The Group received a loan of £500,000 from C E Lee-Richards, wife of the director G M Lee-Richards. The loan bears interest at an annual rate of 3.5% above base and is repayable in monthly instalments of £8,333. At the year end, the amount outstanding on this loan was £- (2020: £58,333). The total interest charged on this loan during the year was £520 (2020: £3,787).

During the year, a group company maintained a loan account with A Lobato. At the year end, A Lobato was owed by the Group £9 (2020: £8,007 was owed to the group). No interest was charged on this balance during the current or previous period.

During the year, a group company maintained a loan account with R Allen. At the year end, R Allen owed the Group £93,600 (2020: £88,920). The loan bears interest at an annual rate of 3%. The total interest charged on this loan during the year was £ 2,625 (2020: £2,699).

During the year, a group company maintained a loan account with D Graham. At the year end, D Graham owed the Group £ 93,600 (2020: £88,920). The loan bears interest at an annual rate of 3%. The total interest charged on this loan during the year was £2,625 (2020: £2,699).

During the year, a group company opened a loan account with R Lobato for £250,000. At the year end, R Lobato owed the Group £210,000 (2020: Nil). The loan bears interest at an annual rate of 2.86%. The total interest charged on this loan during the year was £2,007 (2020: Nil).

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

31. POST BALANCE SHEET EVENTS

On 2 February 2022 the company underwent a restructure. A new holding company 'Condition Monitoring Technology Group Holdings Limited' (11788422) was incorporated in October 2021 and on the 2nd February 2022, Condition Monitoring Technology Group Holdings Limited purchased 100% of the share capital of Condition Monitoring Technology Group Limited under a combined purchase and share-for-share arrangement. The restructure has resulted in a change of controlling interests in the Condition Monitoring Technology Group.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
