AN/"Mx Technologies Inc"

PAT. NO.	Title
1 11,314,889	 Early data breach detection
2 11,288,359	 Automatic account protection
3 11,277,393	 Scrape repair
4 11,270,344	 Content presentation based on location
5 11,233,789	 Automatic event migration
6 11,216,903	 Watermark security
7 11,194,698	 Multi-platform testing automation
8 11,190,500	 Distributed, decentralized data aggregation
9 11,188,452	 Multi-platform testing automation
10 11,175,908	 Dynamic feature and performance testing and adjustment
11 11,165,763	 Distributed, decentralized data aggregation
12 D934,272	 Display screen or portion thereof with a graphical user interface
13 11,159,733	 Accessible remote deposit capture
14 11,138,643	 Item level data aggregation
15 11,093,528	 Automated data supplementation and verification
16 11,093,373	 Multi-platform testing automation
17 11,080,170	 Multi-platform testing automation
18 11,038,875	 Data aggregation using a limited-use code
19 11,012,235	 Securing data based on randomization
20 11,005,833	 Distributed, decentralized data aggregation
21 11,005,832	 Distributed, decentralized data aggregation
22 10,963,955	 Optimizing aggregation routing over a network
23 10,911,439	 Aggregation platform permissions
24 10,909,027	 Multi-platform testing automation
