COBHAM MISSION SYSTEMS FORMERLY FLIGHT REFUELLING

IC 012. US 019 021 023 031 035 044. G & S: Aircraft fueling and refueling systems comprised primarily of fuel tanks, under wing pods, drogues, receiver probes, hoses, pipes, pumps, valves and structural components and replacement parts therefor; aircraft fuselage fueling and refueling systems comprised primarily of fuel tanks, drogues, receiver probes, hoses, pipes, pumps, valves and structural components and replacement parts therefor

IC 013. US 002 009. G & S: Aircraft carriage and release systems for transporting and release of weapons and undercarriage storage units, and structural and replacement parts therefor; aircraft carriage, suspension, and release systems for weapons and undercarriage storage units, and structural and replacement parts therefor; containers for storing aircraft carriage and release systems and replacement parts therefor; gun and missile carriages, and replacement parts therefor

IC 017. US 001 005 012 013 035 050. G & S: Aircraft fueling and refueling equipment, namely, non-metal flexible fuel transfer hoses

IC 035. US 100 101 102. G & S: Distributorship services in the field of weapons carriage and release systems and their parts, hardware and software for weapons carriage and release systems, aerial refuelling units for air and space vehicles and their parts, air-to-air fuelling and refuelling systems for aircraft, air refuelling tanks for aircraft, fuselage fuelling and re-fuelling units and hardware and software for aerial refuelling systems; procurement, namely, purchasing goods in the field of aircraft fueling and refueling for others; distributorship services in the field of weapons carriage and release systems, hardware and software for weapons carriage and release systems, aerial refuelling units for air and space vehicles, air-to-air fuelling and refuelling systems for aircraft, air refuelling tanks for aircraft, fuselage fuelling and re-fuelling units and related electronic equipment, hardware and software for aerial refuelling systems; distributorship services featuring aircraft equipment; advice, consultancy and information relating to all the foregoing

IC 037. US 100 103 106. G & S: Construction, installation, maintenance, servicing and repair of aerial fuelling and refuelling systems and their parts; construction, installation, maintenance, servicing and repair of weapons carriage and release systems, and their parts; construction, installation, maintenance, servicing and repair of aircraft fuelling and refuelling systems and their parts; aerial fuelling and refuelling services; information, advice and consultancy relating to all the foregoing; technical support services in the nature of maintenance and repair of aircraft fueling, refueling, and weapon carriage and release equipment

IC 042. US 100 101. G & S: Engineering and technological design and consulting services in the field of aviation; engineering and technological services in relation to aerial fuelling and refuelling, namely, computer

programming of software used in aerial fuelling and refuelling; engineering and technological design services in the field of weapons carriage and release technology; design, development and testing of computer hardware and software for aerial fuelling and refuelling systems; design, development and testing of weapons carriage and release systems and technology; technical support services, namely, troubleshooting in the nature of diagnosing problems with avionics equipment; technical support, namely, troubleshooting in the nature of diagnosing problems with aircraft equipment used for aerial fuelling and refuelling; technical support, namely, troubleshooting in the nature of diagnosing problems with aircraft equipment for weapons carriage and release; technical support services, namely, diagnosing problems with computer hardware, software and technological equipment used in connection with aerial fueling, refueling, and operation of weapon carriage and release systems; advice, consultancy and information relating to all the foregoing
