Convenience Translation into English of Financial Statements  
and Independent Auditor's Report for  
the Period between January 1, 2017 and December 31, 2017  
(Originally Issued in Turkish)

**(Convenience Translation into English of Independent Auditor’s Report  
Originally Issued in Turkish)**

**Independent Auditor’s Report  
for the Period Between  
January 1, 2017 and December 31, 2017  
İhlas Holding A.Ş.**

To the Board of Directors of İhlas Holding Anonim Şirketi,

**Opinion**

We have audited the accompanying consolidated financial statements of İhlas Holding A.Ş. (the “Company”), and its subsidiaries (collectively referred to as the “Group”), which comprise the consolidated statement of balance sheet as at December 31, 2017 and the consolidated statement of profit or loss, consolidated statement of other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended and the notes to the consolidated financial statements and a summary of significant accounting policies and consolidated financial statement notes.

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Group as at December 31, 2017, and its financial performance and its cash flows for the year then ended in accordance with Turkish Accounting Standards (“TAS”).

**Basis for Opinion**

Our audit was conducted in accordance with the Standards on Independent Auditing (the “SIA”) that are part of Turkish Standards on Auditing issued by the Public Oversight Accounting and Auditing Standards Authority (the “POA”). Our responsibilities under these standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section of our report. We hereby declare that we are independent of the Group in accordance with the Ethical Rules for Independent Auditors (the “Ethical Rules”) and the ethical requirements regarding independent audit in regulations issued by POA that are relevant to our audit of the financial statements. We have also fulfilled our other ethical responsibilities in accordance with the Ethical Rules and regulations. We believe that the audit evidence we have obtained during the independent audit provides a sufficient and appropriate basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. Key audit matters were addressed in the context of our independent audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

- *Impairment of Trade Receivables:* Explanations regarding the Group’s trade receivables are included in Notes 2 and 10. Trade receivables should be tested for impairment annually, as required by TAS. Impairment of trade receivables includes significant estimates in terms of the Group management and material misstatement of trade receivables and/or impairment losses according to the applicable accounting principles and standards contains potential risks. As a result, the detection of the impairment of trade receivables is considered as key matter for audit of the consolidated financial statements. We performed the following procedures; understanding of trade receivables, testing for controls, aging client accounts, analytically investigating of aging, assessing key ratios, examining ongoing litigations against the Group from legal counsels, assessing the recognized provisions considering the past collection abilities according to the Group’s prudence policy. Also, we performed confirmation letters of receivables, assessment of sample impairment of receivables according to current accounting principles, standards and fairness of impairment of receivables.

- *Construction projects:* Explanations regarding the Group's construction inventories and advances are included in Notes 2, 10, 13, 24 and 41. The Group recognizes construction inventories, advances and includes the liability for the provision of these inventories in the financial statements. Construction inventories consist of the land acquired by the Group for building residential properties for sale and the costs of the houses to be built on these land. Construction inventories and liabilities are considered as key matter for audit of the consolidated financial statements. We performed the following procedures; assessing the Group management's accounting policies of inventories, advances and trade payables in accordance with TAS and related legislation, understanding the Group's procurement process and evaluating the design and effectiveness of internal controls on the procurement process, evaluating the selection of realized transactions of construction inventories, advances and trade payables and determining appropriateness of transactions, reviewing of contracts for construction inventories, examining the sample documents processed through and analyzing construction projects.
- *Valuation of property, plant and equipment and investment properties:* Explanations regarding the Group's property, plant and equipment and investment properties are included in Notes 2, 17 and 18. The valuation of real estates includes significant estimates in terms of the Group's management. The changes in the key assumptions are led to an increase or decrease in the value of property, plant and equipment and investment properties. These valuations are based not on quoted prices in active markets, but on models developed by independent real estate valuation specialists determined by the Group's management, depending on the specific nature and conditions of these assets. The valuation of these real estates is a key matter for audit because there are significant estimates in these valuations. We performed the following procedures; evaluating the qualifications, independence of independent real estate valuation specialists appointed by the Group management for valuation of real estates and assessing appropriateness of used valuation methods and testing for accuracy of valuation.
- *Recoverability of deferred tax assets on unrecognized tax losses:* Explanations regarding the Group's deferred tax asset calculated on unrecognized tax losses are included in Notes 2 and 35. Deferred tax assets calculated on unrecognized tax losses of the Group are required to be reviewed annually in accordance with TAS. During the review process, future business plans and profit projections are taken into consideration of losses incurred in the current period and the date when the unrecognized tax losses can be used. The assumptions and uncertainties surrounding the estimation of future taxable profit affect deferred tax assets on unrecognized tax losses. Also, unrecognized financial losses are significant for the Group's financial statements and is considered as a key matter for audit. We performed the following procedures; controlling the Group management's approved plans and expiration dates of unrecognized tax losses, assessing future profit projections and current period profit or loss.
- *Employee termination benefits:* Explanations regarding the Group's employee termination benefits are included in Notes 2 and 22. The Group management calculates the provision for employment termination benefits by assuming various assumptions such as discount rate, inflation rate, real salary increase rate, resignation rates in calculation of provision for employee termination benefits. As a result, the employee termination benefits may differ from the amount in the statement of financial position, since the changes in the assumptions used in the calculation affect the valuation. We performed the following procedures; examining and questioning key assumptions such as discount rates, resignation rates, etc., controlling personnel information of calculated employee termination benefits and testing whether the assumptions used are within a reasonable range.
- *Recognition of revenues:* Explanations regarding the Group's recognition of revenues are included in Notes 2 and 28. Due to material importance, total revenue from variable channels such as construction, media, marketing segments and nature of the Group's operations, the recognition of revenues is considered as a key matter for audit. We performed the following procedures; assessing the Group management's accounting policies of revenues in accordance with TAS and related legislation, understanding the Group's revenue cycle and evaluating the effectiveness of its design and internal control of the revenue process, obtaining confirmation letters, determining appropriateness of transactions, reviewing of contracts for revenues, examining the sample documents processed through and analyzing revenues.

## **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

The Group management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with TAS, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Responsibilities of independent auditors in an independent audit are as follows:

Our aim is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance expressed as a result of an independent audit conducted in accordance with SIA is a high level of assurance but does not guarantee that a material misstatement will always be detected. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an independent audit conducted in accordance with SIA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement in the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Assess the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our independent auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence. We also communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Other Responsibilities Arising From Regulatory Requirements**

In accordance with subparagraph 4 of Article 398 of the TCC, the auditor's report on the early risk identification system and committee was submitted to the Company's Board of Directors on March 12, 2018.

No matter has come to our attention that is significant according to subparagraph 4 of Article 402 of Turkish Commercial Code ("TCC") No. 6102 and that causes us to believe that the Company's bookkeeping activities concerning the period from 1 January to 31 December 2017 period are not in compliance with the TCC and provisions of the Company's articles of association related to financial reporting.

In accordance with subparagraph 4 of Article 402 of the TCC, the Board of Directors submitted the necessary explanations to us and provided the documents required within the context of our audit.

The name of the engagement partner who supervised and concluded this audit is Hayati ÇİFTLİK.

İstanbul, March 12, 2018

The accompanying notes form an integral part of these consolidated financial statements.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

**Note 1 – Group’s Organization and Nature of Operations**

İhlas Holding A.Ş. ( “Parent Company”) was founded under the name of İhlas Matbaacılık ve Dağıtım Anonim Şirketi” on December 25, 1980. The Parent Company changed its name first to İhlas Matbaacılık ve Sağlık Hizmetleri A.Ş. on March 6, 1986, and subsequently to İhlas Holding A.Ş. on August 2, 1993. As a result of amendments to the Articles of Association; the Parent Company set construction, healthcare, marketing, domestic trade, education and soft drinks as its areas of business; and removed printing, newspaper and magazine publishing from the list. Although the Articles of Association of the Parent Company includes a diverse range of businesses, the legal entity of the Parent Company was active only in the construction, healthcare, education services and domestic trade sectors on the report date.

As of the balance sheet date, the Group employed a total of 2,901 people (December 31, 2016: 2,622), of which 863 (December 31, 2016: 854) worked for the Parent Company.

The Parent Company headquarters is located at “Merkez Mahallesi, 29 Ekim Cad., İhlas Plaza No:11, B/21 Yenibosna, Bahçelievler, İstanbul.”

The principal shareholders and their respective shareholding rates in the Parent Company are as follows:

Shareholder Name/Title	December 31, 2017		December 31, 2016	
	Share Ratio	Share Amount	Share Ratio	Share Amount
Publicly traded	86.37%	682,674,283	86.37%	682,674,283
Ahmet Mücahid Ören	10.58%	83,563,047	10.58%	83,563,047
Others	3.05%	24,162,670	3.05%	24,162,670
<b>Total Capital</b>	<b>100,00%</b>	<b>790,400,000</b>	<b>100,00%</b>	<b>790,400,000</b>

The distribution of the privileged shares of the Parent Company (Group B shares) as of the balance sheet date is as follows:

Shareholder Name/Title	Series	Group	Bearer/Registered	Number of Shares	Amount
Ahmet Mücahid Ören	I	B	Bearer	3,579,750	35,797.5
Others	I	B	Bearer	920,250	9,202.5

The Parent Company’s Board of Directors are selected from Group B shareholders’ nominees of at least three board members if the Board of Directors are determined as 5 members; at least five board members if the Board of Directors are determined as 7 members; at least five board members if the Board of Directors are determined as 9 members; at least nine board members if the Board of Directors are determined as 11 members by the General Assembly.

Information regarding the operations of subsidiaries and associates of İhlas Holding A.Ş. is provided below, listed on the basis of their effective rates and number of privileged shares.

**5. Doğu Yatırım Holding A.Ş.:** Established to make investments in Eastern and Southeastern Anatolia regions.

**Note 2 – Basis of Presentation of Consolidated Financial Statements**

**A. Basis of Presentation**

**TAS Compliance Statement**

The Group keeps accounting records and statutory financial statements in Turkish lira (TL) in compliance with trade legislation, financial legislation and Uniform Chart of Accounts requirements issued by the Ministry of Finance. Based on the Group’s legal records, consolidated financial statements have been rectified and classified so as to ensure compliance with the Turkish Accounting Standards (TAS) and the Turkish Financial Reporting Standards (TFRS), issued by the Public Oversight Accounting and Auditing Standards Authority of Turkey (POA), and with the appendices and footnotes related to them.

The Capital Markets Board Communiqué Serial II, No: 14.1 on “Principles Regarding Financial Reporting in Capital Markets” was issued in the Official Gazette dated June 13, 2013, and entered into effect on the date of issue to be valid as of the interim period of financial reports ending after April 1, 2013. The communiqué sets the policies, procedures and principles regarding the financial statements that will be drawn up by the businesses, and regarding their preparation and submission to the authorities. This communiqué annuls the Communiqué Serial XI, No: 29 on "Principles Regarding Financial Reporting in the Capital Markets."

In the preparation of financial statements, businesses refer to the TAS and TFRS provisions issued by the Public Oversight Accounting and Auditing Standards Authority of Turkey (POA) in compliance with the provisions of the Capital Markets Board Communiqué Serial: II, No: 14.1 on “Principles Regarding Financial Reporting in Capital Markets.” Accordingly, the attached consolidated financial statements have been prepared based on the TAS and TFRS, and on the related appendices and comments. Moreover, the

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

consolidated financial statements and footnotes have been presented in the formats and with the information required by the POA.

**Related Parties**

For the purpose of these consolidated financial statements, the Group's shareholders and group companies with indirect capital relationships with the Group, as well as board members and senior managers and other key executive personnel are defined as "related parties." Key management personnel include executives (administrative or otherwise) with direct or indirect authority and responsibility to plan, manage and control the Group's operations.

Related party transactions consist of the transfer of assets, services, or liabilities between related parties, regardless of whether a fee is applicable.

Due to ordinary activities, related party transactions have generally been performed at prices compatible with market conditions.

Note 37 provides information on the Group's balances and all transactions with regard to the companies it has direct or indirect relationships.

**Comparatives and adjustment of prior periods' financial statements**

The Group's financial statements are prepared comparatively with the previous year's so as to allow for the identification of financial status and performance trends. In order to provide comparability when the presentation or classification of items of financial statements changes, the financial statements are also reclassified accordingly.

If the Group retroactively applies an accounting policy or retrospectively restates an entity's financial statements or reclassifies items in its financial statements; the footnotes related to the 2-period table are presented for each of the following three tables of the consolidated statement of financial position (balance sheet), the other statements (profit or loss and other comprehensive income statement, consolidated statements of cash flows, consolidated statement of changes in shareholders' equity).

**Explanation of Inflation Accounting and Presentation Currency**

In accordance with a decision made by the CMB dated March 17, 2005, effective from January 1, 2005, companies that operate in the Turkish market and prepare financial statements according to the CMB Financial Reporting Standards do not need to apply inflation accounting. Therefore, starting from January 1, 2005, the TAS 29 standard titled "Financial Reporting Standard on High-Inflation Economies" published by the POA was not applied to the Group's consolidated financial statements.

The enclosed consolidated financial statements have been prepared in Turkish lira (TL) with the inclusion of the consolidated financial statements dated December 31, 2017, and the consolidated financial statements from previous periods to be used for comparison.

As per TAS 21 standard "Effects of Changes in Foreign Exchange Rates", the Group records foreign currency transactions based on the spot exchange rate amount that is calculated as the difference between the foreign currency and the functional currency at the time of the transaction.

**Continuity of Business**

The Group's consolidated financial statements are prepared under the going concern principle.

**Offsetting**

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liabilities simultaneously. Offsetting does not pertain to showing assets after deducting regulatory accounts, such as inventory impairment provisions and doubtful payables provisions.

**B. Changes in Accounting Policies**

Users of the financial statements should have the ability to compare the entity's financial statements over time with a view to determining the entity's financial position, performance and trends in cash flows. For this reason, the same accounting policies are applied in each interim period and every accounting period.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

The following are not considered changes in accounting policies;

- the application of an accounting policy for transactions or events that differ intrinsically from those that occurred before,

- Implementation of a new accounting policy for transactions or events that have not arisen or are not significant.

The same accounting policies are applied by the Group as per the period consistency principle.

**The New Standards, Amendments and Interpretations**

*The new standards, amendments and interpretations which are effective as of December 31, 2017 are as follows:*

**TAS 7 Statement of Cash Flows (Amendments)**

The amendments are effective for annual reporting periods beginning on or after January 1, 2017. These amendments provide additional disclosures that allow financial statement readers to evaluate changes in liabilities arising from financing activities. These amendments have not affected the Group's financial position and performance.

**TAS 12 Income Taxes: Recognition of Deferred Tax Assets for Unrealised Losses (Amendments)**

The amendments will be applied retrospectively for annual periods beginning on or after January 1, 2017. The amendments clarify how to account for deferred tax assets related to debt instruments measured at fair value. The amendments clarify the requirements on recognition of deferred tax assets for unrealised losses, to address diversity in practice. These amendments have not affected the Group's financial position and performance.

**Annual Improvements to TFRSs - 2014–2016 Cycle**

- TFRS 12 Disclosure of Interests in Other Entities – Except for paragraphs B10-B16 of the standard, certain footnote requirements have been amended to clarify the scope of the standard. The amendments are effective for annual reporting periods beginning on or after January 1, 2017. These amendments have not affected the Group's financial position and performance.

***Standards published but not implemented and no early implementation***

New standards, interpretations and amendments published as of the date of approval of the financial statements but not yet effective for the current reporting period and not early adopted by the Company are as follows. The Company will make necessary changes to affect its financial statements and footnotes after the new standards and interpretations have entered into force, unless otherwise stated.

*New and amended standards and interpretations that have not been issued by the IASB and the POA, but whose effective dates are an advanced date:*

**TFRS 9 Financial Instruments – Final Standard**

TFRS 9 Financial Instruments is the replacement of IAS 39 Financial Instruments: Recognition and Measurement. The Standard includes requirements for recognition and measurement, impairment, derecognition and general hedge accounting. IFRS 9 relies on a rational, single classification and measurement approach that reflects the business model and cash flow characteristics that are managed within financial assets. Based on this, a single model has been established that can be applied to all financial instruments that are subject to impairment accounting, with a forward-looking expected credit loss model that will enable credit losses to be accounted for more timely. In addition, IFRS 9 requires that banks and other entities choose an option to measure their financial liabilities at fair value, which is the so-called "own credit risk" that results in the recording of income in the profit or loss table due to a decrease in the fair value of the financial liability. The problem is addressed. The standard also includes a financial hedging model developed to better correlate the risk management economy with accounting practices. IFRS 9 is effective for annual periods beginning on or after January 1, 2018. However, early application is allowed. In addition, early amendments to 'own credit risk' are allowed to be applied alone, without changing the accounting for financial instruments. The Group assesses the impact of the standard on its financial position and performance.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

**IFRS 15 Revenue from Contracts with Customers**

The standard provides a single, principles based five-step model to be applied to all contracts with customers. The standard establishes a model for accounting for and measuring the sale of certain non-financial assets (e.g. property, plant and equipment) that are not related to the ordinary activities of an entity to be applied to revenue generated from contracts with customers. IFRS 15 shall be applied for annual periods beginning on or after January 1, 2017. There are two alternative applications for transition to IFRS 15; full retroactive application or modified retroactive application. When modified retroactive application is preferred, prior periods will not be restated but comparative numerical information will be provided in the footnotes of the financial statements. This amendment will replace IAS 11 "Construction Contracts" and IAS 18 "Revenue" standards. The Group assesses the impact of the standard on its financial position and performance.

**IFRS 4 Insurance Contracts (Amendments)**

These amendments are to be applied for annual periods beginning on or after January 1, 2018. The amendments introduce two approaches: an overlay approach and a deferral approach. These amendments have not affected the Group's financial position and performance.

**TAS 40 Investment Property**

The amendments are to be applied prospectively for annual periods beginning on or after January 1, 2018. In this amendment, the transfer of real estate used by the owner of the investment property and the real estate used by the owner is clarified. The Group assesses the impact of the standard on its financial position and performance.

**IFRS 2 Share-based Payments**

These amendments are to be applied for annual periods beginning on or after January 1, 2018. This arrangement provides some clarification on accounting for cash based share-based payment transactions and the classification of share-based payment transactions by new agreement features. These amendments have not affected the Group's financial position and performance.

**Annual Improvements to TFRSs - 2014–2016 Cycle**

- TFRS 1 First-time Adoption of Turkish Financial Reporting Standards – Deleted the short-term exemptions in paragraphs E3–E7 of TFRS 1.

- TAS 28 Investments in Associates and os – Clarified that the election to measure at fair value through profit or loss an investment in an associate or a joint venture that is held by an entity.

Improvements to TFRS 1 and TAS 28 will be applied prospectively for annual periods beginning on or after January 1, 2018. These changes are not expected to have an impact on the Group's financial position and performance.

**IFRIC 22 Foreign Currency Transactions and Advance Consideration**

This interpretation are to be applied prospectively for annual periods beginning on or after January 1, 2018. This interpretation includes an explanation of the recognition of advances received or paid in foreign currency. According to this interpretation, it is stated that the transaction date should be based on the first transaction dates in non-monetary payments/purchases, and in case of multiple payments/purchases, transactions should be made according to each payment/purchase dates. There is a retrospective application option. The Group assesses the impact of the standard on its financial position and performance.

*New and revised standards and interpretations issued by the International Accounting Standards Board (IASB) but not published by the POA:*

The new standards, interpretations and amendments to existing IFRS standards listed below have been published by the IASB but have not yet entered into force for the current reporting period. These new standards, interpretations and amendments have not yet been adapted to the TFRS by the POA and therefore do not form part of TFRS. The Company will make the necessary changes to its financial statements and footnotes after such standards and interpretations have been entered into force in TFRS.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

**IFRS 16 Leases**

In January 2016, the IASB issued IFRS 16 "Leases". The new standard removes the distinction between operating leases and financial leases, requiring that many leases for leaseholders be included in a single model. The accounting for the leaseholders has not changed substantially and the difference between operating lease and financial leasing continues. IFRS 16 and IAS 17 and is effective for annual periods beginning on or after January 1, 2019. Early application is permitted for IFRS 16 as long as IFRS 15 "Revenue from Contracts with Customers" is also applied. The Group assesses the impact of the standard on its financial position and performance.

**IFRS 10 and IAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture**

The IASB postponed the effective date of the amendments in IFRS 10 and IAS 28 in December 2015 for an indefinite period; these amendments are related to the results of the ongoing research project on the equity method. The Group assesses the impact of the standard on its financial position and performance.

**IFRIC 23 Uncertainty over Income Tax Treatments**

An entity shall apply this Interpretation for annual reporting periods beginning on or after January 1, 2019. This standard provides guidance on how to measure and account for deferred tax calculations when there are uncertainties in income taxes. Tax application uncertainty arises when a tax application of the tax authority is not known by a company. These amendments have not affected the Group's financial position and performance.

**IFRS 17 Insurance Contracts**

An entity shall apply this Interpretation for annual reporting periods beginning on or after January 1, 2021. This standard replaces IFRS 4, which allows a wide range of applications at present. IFRS 17 will change the basis of insurance contracts and the accounting of all entities that issue investment contracts with optional participation features. These amendments have not affected the Group's financial position and performance.

**Annual Improvements to IFRSs - 2015–2017 Cycle**

In December 2017, the IASB announced Annual Improvements to IFRS Standards 2015–2017 Cycle, containing the following amendments to IFRSs:

- IFRS 3 Business Combinations - The amendments to IFRS 3 clarify that when an entity obtains control of a business that is a joint operation, it remeasures previously held interests in that business.
- IFRS 11 Joint Arrangements - The amendments to IFRS 11 clarify that when an entity obtains joint control of a business that is a joint operation, the entity does not remeasure previously held interests in that business.
- IAS 12 Income Taxes - The amendments clarify that all income tax consequences of dividends should be recognised in profit or loss, regardless of how the tax arises.
- IAS 23 Borrowing Costs - The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings.

This interpretation are to be applied prospectively for annual periods beginning on or after January 1, 2019. These amendments have not affected the Group's financial position and performance.

**C. Accounting Policies, Estimates and Errors**

Accounting policy changes arising from the initial application of a new standard are, if any, applied retroactively or in accordance with the transition provisions. Significant changes in the accounting policy or changes in accounting policy that are not included in any transition clause are applied retrospectively and the financial statements are restated in the previous period's consol. Changes in accounting estimates are only applied in the current period in which the change is made, in the period in which the change is made, and prospectively, if it relates to future periods.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

**D. Summary of Significant Accounting Policies**

The preparation of financial statements in accordance with TAS/IFRS requires the use of certain significant accounting estimates. At the same time, the management is required to make some important decisions when determining the Group's accounting policies. Higher level of reasoning or complexity is discussed in Note 2.E to the explanations of the issues, assumptions or estimates that are material to the financial statements.

**Cash and Cash Equivalents**

Cash and cash equivalents includes cash in hand, deposits held at call with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible into cash, and that do not pose a risk of significant value change. The book value of these assets approximates their fair value.

**Financial Investments**

Financial investments are classified into three categories: financial assets held for trading (those classified as fair value through profit or loss), held-to-maturity financial assets and available for sale financial assets.

During the initial recognition of financial assets at fair value through profit or loss, transaction costs directly attributable to the acquisition of the related financial asset are added to the fair value.

Financial assets held for trading consist of short-term securities, which are part of a short-term profitable portfolio, either for the purpose of generating profits from short-term fluctuations in the market or from fluctuations in similar items, or independently of the reason for the acquisition. Financial assets held for trading are measured at their fair value at initial recognition. Transaction costs related to the acquisition of the financial asset are also added to fair value and are measured at fair value in subsequent periods. The resulting valuation gain and loss are included in the profit/loss accounts. Trading investments that are not traded in an active market are carried at cost. Interests earned during the sale of securities held for trading are primarily included in interest income and dividends are included in dividend income. The purchase and sale transactions of securities held for trading are taken into account according to the "delivery date" and are excluded from the records.

Investments held to maturity are financial investments that have fixed and determinable payments and fixed valuation where the entity has the intent and ability to hold to maturity. Financial assets held to maturity are stated at amortized cost using the effective interest method in the periods subsequent to their acquisition. The resulting valuation gains and losses are included in the statement of comprehensive income.

Available-for-sale financial assets are financial assets that are designated as available-for-sale, held-to-maturity investments or financial assets that are not classified as at fair value through profit or loss. Available-for-sale financial assets are valued at their fair value if there is an active market and the resulting gains and losses are presented in equity until the asset is derecognised. If an active market is not available, it is valued over cost.

**Trade Receivables**

Trade receivables (receivables or notes receivables) are related to commercial goods sold or services provided to customers. Trade receivables arising from forward sales are valued at amortized cost using the effective interest method. Short-term trade receivables with no stated interest rate are assessed on the basis of the invoice amount if the interest accrual effect is insignificant.

If effective interest rates of trade receivables are not known, comparative interest rates are taken as basis. LIBOR rates are used as the effective interest rate for the Group due to the absence of any cash and cash equivalents in accordance with the commercial practices and due to the fact that the maturity difference is not applied to sales.

The difference between the nominal value of the trade receivables and the discounted value is recognized as "credit finance income/expense arising from trading activities " in "other operating income/expense" according to "TAS 39 Financial Instruments: Recognition and Measurement" standard.

The provision for doubtful receivables is reflected in the records as expense. Provision is the amount that is estimated by the Group management and considered to cover probable losses that may arise from the economic condition or the nature of the accident. When the Group assesses a receivable as a doubtful

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

receivable, it is based on the uncollected receivables from previous years, the ability to pay off the debt and the extraordinary circumstances that arise in the current sector and current economic environment.

**Inventories**

Inventories are valued at the lower of cost or net realizable value. The cost of inventories includes all procurement costs, conversion costs and other costs incurred to bring the inventories to their present state and position. The unit cost of inventories is determined by the average cost method.

When the cost of inventories falls below the net realizable value, inventories are reduced to net realizable value and are recorded in "Cost of Sales" in the statement of comprehensive income for the year of impairment. The provision for impairment loss is reversed if it is proven that the circumstances causing the reduction of the net realizable value of the inventory have become invalid or the net realizable value has increased due to the changing economic conditions. The amount that has been canceled is limited to the amount of impairment that is previously recorded and is recorded in the "Cost of Sales" line. The Company management assesses whether there is any impairment in inventories as of the balance sheet date and if any. Replacement costs for the first materials and materials are used as the best measure reflecting the net realizable value.

If inventories are acquired on a deferred payment basis, if the difference between the purchase price and the prepaid price includes the financing element, these elements are recognized as interest expense in the period in which they are financed.

**Investment Properties, Property, Plant, Equipment and Intangible Assets**

*Investment Properties*

Investment properties are real estate held (held by the lessee according to ownership or lease contract) (some or both of land or building or building) in order to obtain rental income or value increase gain or both.

Investment property is initially measured at cost. Transaction costs are also included in the initial measurement. Investment property acquired through finance leases are accounted for at fair value less the present value of the minimum lease payments.

In subsequent periods, the investment property is valued using either the fair value method or the cost method and the Group uses the fair value method to value the investment property.

Fair value of an investment property is determined as the price to be paid between market participants in a normal transaction at the measurement date, on the sale of an asset, or on a payback period. The fair value is determined based on the best estimate even if the real estate does not have a market. From this point of view, fair value can change depending on the forecast and changes in market conditions. Factors such as the inherent risks of the asset, market conditions, and depreciation are taken into account in determining the fair value.

Gains or losses arising from changes in the fair value of the investment property are included in profit or loss in the period in which they are incurred and are recognized in the Income/Expense from Investment Activities.

Lands and buildings are a separate tangible asset even though they are taken together and are accounted separately.

The properties leased and used by the parent or its subsidiaries are not included in the scope of investment property in the consolidated financial statements. These real estates are treated as real estates used by the owner and reported in property, plant and equipment.

*Property, plant, equipment and Intangible assets*

An item of property, plant, equipment and intangible asset that meets the criteria for recognition as an asset is measured at cost at initial recognition. In subsequent periods, they are valued using either cost or revaluation method.

Intangible assets represent rights and other intangible items. Intangible assets are reflected to the purchases before January 1, 2005 by deducting the accumulated amortization and impairment losses from the purchase cost values for items purchased after December 31, 2004 and the cost values adjusted for the effect of inflation as of 31 December 2004.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

The initial costs of fixed assets are comprised of the purchase price including the customs taxes, non-refundable purchase taxes, direct costs incurred until the asset becomes operational and the asset is returned to its use.

In the cost model, presentations are made by subtracting accumulated depreciation and impairment losses from the cost values of property, plant, equipment and intangible assets.

In the revaluation model, the fair value is the depreciation based on the revalued amount of a property, plant, equipment and intangible asset that can be measured reliably, after the asset is accounted for as an asset. The revaluation gross or net value method is used. Revaluations are made at the balance sheet date in such a way that the amount to be obtained by using the fair value is not significantly different from the carrying amount. Appreciation of the resulting value is attributable to the value increase fund under equity, while the value decreases are deducted from the pre-existing value increases if any, otherwise they are recorded in the account of Expense from Investment Activities.

The Group revaluates the revaluation model when there are significant changes in the real estates it uses and it uses the cost model because there is no active market for other property, plant, equipment assets and intangible assets other than real estate.

Provisions of TAS 2 "Inventories" and TAS 16 "Property, Plant and Equipment" are applied in the transfers of the Group to property, plant, equipment assets for use in operating activities. Accordingly, the fair value at the date of transfer is based on fair value.

Depreciation is measured by the straight-line method based on a pro-rata basis according to the useful lives and methods indicated below:

	<u>Useful Life (Years)</u>	<u>Method</u>
Land improvements	5-50	Straight-Line
Buildings	50	Straight-Line
Machinery and equipments	3-15	Straight-Line
Vehicles	3-10	Straight-Line
Furniture and fixtures	3-15	Straight-Line
Other property, plant, equipment	3-10	Straight-Line
Rights	2-10	Straight-Line
Other intangible assets	5-15	Straight-Line

The useful life and depreciation method are regularly monitored and accordingly the method and the period of depreciation are considered to be consistent with the economic benefit to be gained from the related asset. If there is a change in the useful life, changes from the current year are reflected in the statement of comprehensive income.

Lands and buildings are a separate tangible asset even though they are taken together and are accounted separately. Depreciation is not allocated for assets such as land and land whose useful lives can not be determined or which have an indefinite useful life.

If there are any events or changes in the existing conditions that the carrying values of the property, plant and equipment cannot be recovered, the value of the property, plant and equipment is examined. In the event that such indications exist or the carrying amount exceeds the recoverable amount, the related assets are reduced to their recoverable amount. Realizable value is the higher of net selling price and value in use. When usage value is found, the estimated future cash flows are discounted to their present value using the pre-tax discount rate that reflects the risks specific to that asset. For assets that do not independently generate cash inflows in large amounts, the recoverable amount is calculated for the cash-generating unit to which that asset belongs. The related tangible asset is depreciated over the remaining estimated useful life. Depreciation amounts of property, plant and equipment are associated with operating expenses and cost of sales items in the statement of comprehensive income. Impairment losses are recognized in Expense from Investment Activities in the statement of comprehensive income.

The Group tests for impairment of assets and determines net selling prices by taking into consideration "second hand market values" of some assets and "amortized replacement costs" for non-second hand assets. Since the net selling prices for these assets are equal to or greater than the net carrying amount of the assets, the calculation of the value in use is not required and no provision for impairment is made. For certain assets

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

(e.g. goodwill), if it is not possible to determine the net selling prices, the impairment test is performed based on the usage values.

An intangible asset does not have an indefinite useful life. Gains or losses on disposal of property, plant and equipment and intangible assets are determined by comparing net book value with sales amounts and reflected in statement of profit or loss in accounts of Income/Expense from Investment Activities.

Research and development expenses

Expenses for research and development are charged against income in the period incurred except for project development costs which comply with the following criteria:

- The product or process is clearly defined and costs are separately identified and measured reliably,
- The technical feasibility of the product is demonstrated,
- The intention and possibility of using or selling the product,
- Possibility of the product to provide economic benefit in future,
- Adequate technical, financial and other resources required for completion of the project are available.

The costs related to the development projects are capitalized when the criteria above are met and amortized by straight-line basis over the useful lives of related projects.

The Group measures significant investment property and property, plant, equipment using the revaluation model on the basis of valuation transactions made by an independent expert who has relevant expertise and relevant professional background and up-to-date knowledge of the class and location of the property. Information on significant real estate properties is presented in the following table;

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

<b>List of Real Estates Appraised for Fair Value</b>	<b>Fair Value</b>	<b>Revaluation Gain / Loss</b>	<b>Appraisal Date</b>	<b>Appraisal Methods</b>	<b>Fair Value Hierarchy</b>
Yenibosna - İstanbul Real Estates	178,550,000	6,166,119	December 31, 2017	Peer Comparison, Discounted Income and Cost Methods	Level 2 and 3
Armutlu - Yalova Real Estates	79,730,000	3,118,125	January 25, 2018	Peer Comparison, Project Developments, Discounted Income Methods	Level 2 and 3
Konak - İzmir Real Estates	21,185,000	1,578,299	December 31, 2017	Peer Comparison, Replacement Cost Methods	Level 2
Avcılar - İstanbul Real Estates	6,240,000	(2,918,723)	December 31, 2017	Peer Comparison, Discounted Income, Cost Methods	Level 2 and 3
Kuzuluk - Adapazarı Real Estates	16,225,000	1,165,575	January 17-22, 2018	Peer Comparison, Discounted Income, Cost Methods	Level 2 and 3
Beylikdüzü - İstanbul Real Estates	11,500,000	500,000	December 31, 2017	Peer Comparison, Project Developments Methods	Level 2
Kahramanlar - İzmir Real Estates	4,100,000	210,000	January 18, 2018	Peer Comparison, Replacement Cost Methods	Level 2
Zonguldak Real Estates	2,595,000	270,000	January 8, 2018	Peer Comparison Method	Level 2
Tekkeköy - Samsun Real Estates	2,926,000	805,000	December 31, 2017	Peer Comparison and Replacement Cost Methods	Level 2
Germany Real Estates	31,700,000	2,000,000	February 15, 2018	Peer Comparison, Discounted Income and Cost Methods	Level 2 and 3
Other Real Estates	30,630,000	2,474,055	December 26-31, 2017	Peer Comparison, Discounted Income, Cost ve Project Development Methods	Level 2 and 3

The significant unobservable data for non-financial assets measured by Level 3 inputs are expected market rent payments growth. If the expected market lease payment growth is high, the estimated fair value will also increase (decrease).

Significant unobservable data for non-financial assets measured by Level 2 inputs are precedent values based on the location and characteristics of the property. If the precedent values of similar properties increase (decrease) due to their location and characteristics, the predicted fair value will also increase (decrease).

**Assets Held for Sale and Discontinued Operations**

Assets that meet the criteria for classification as assets held for sale are measured at carrying amounts and depreciation over the assets is discontinued and presented separately in the balance sheet. In order for an asset to be classified as a held for sale asset, the asset (or group of assets to be removed) must be readily available for sale in the ordinary course of sale of such assets (or the group of assets to be dismissed) and highly likely to be sold. In order to increase the likelihood of a sale, an appropriate management stage has made a plan for the sale of the asset (or the group of assets to be removed) and an active program for the detection of the buyers and the completion of the plan has been initiated. In addition, the asset (or group of assets to be removed) must be actively marketed at a price consistent with its fair value. Various events or circumstances may extend the completion period of the sales process beyond one year.

If there is sufficient evidence that the related delay has occurred due to events or circumstances outside the control of the Group and the Group has a continuing sales plan for the sale of the related asset (or disposal group), the asset is to be classified as assets held for sale.

**Impairment of Non-Financial Assets**

If there are events or situations which the book value of assets subject to amortization may not be recoverable, the impairment test is applied. Where the carrying amount of an asset is greater than its

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

estimated recoverable amount, it is written down immediately to its recoverable amount. Recoverable amount is the higher of net selling price or value in use. For purposes of assessing impairment, assets are grouped at the lowest level of identifiable cash flows (cash generating unit). At each reporting date, the Company assesses whether there is any indication that carrying value of assets except financial assets and deferred tax assets is impaired or not.

**Taxation and Deferred Taxes**

Tax expense / (income) of the Group is the aggregate amount included in the determination of net profit or loss for the period in respect of current and deferred taxes.

Current year tax liability is calculated on the portion of the period profit subject to taxation. The taxable profit differs from the profit stated in the income statement because it excludes income or expense items that can be taxable or deductible in other years and items that are not taxable or deductible. The Group's current tax liability is calculated by using the tax rate that is either legally enacted or the tax law is final.

Current tax payable is netted off with prepaid tax amounts in case they are paid or paid to the same tax authority. Deferred tax assets and liabilities are also netted.

Deferred income tax is provided, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying values (balance sheet method/balance sheet liability method). These differences are divided into two categories: deductible and taxable. For all temporary differences in the nature of taxable deductible expenses, it is highly probable that future taxable income will be available for the reduction of these expenses in the future and is recognized in the deferred tax asset if the transaction is not part of a business combination or is not the result of the initial recognition of the obligation. All temporary differences subject to taxation are recognized in deferred tax liability. However, deferred tax is not recognized for temporary differences arising from the initial recognition of goodwill arising from the initial recognition of an asset or a liability, or from transactions that are not transactional.

In accordance with tax laws, unused tax losses and tax benefits are recognized as deferred tax assets if it is probable that future taxable income will be sufficient to offset them in the future.

Deferred income tax is calculated using tax rates that are currently enacted at the balance sheet date.

Deferred tax liabilities are recognized for all taxable temporary differences, while deferred tax assets resulting from deductible temporary differences are recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary difference can be utilized (Note 36).

Deferred tax assets and deferred tax liabilities are offset against each other if the same entity is subject to taxation and there is a legally enforceable right to offset current tax assets against current tax liabilities.

75% of the profits arising from the sale of real estate and participation shares, founding shares, usufruct shares and preferential rights in the assets of the institutions for at least two full years are exempted from the corporate tax.

**Business Combination and Goodwill**

The purchase method is applied when all business combinations are accounted. Goodwill is calculated as the difference between the cost at the date of acquisition of the acquiree's share or the assets acquired and the fair value of net assets (assets for acquired assets).

Over the fair value of net assets acquired with purchase price, the difference is reflected in the statement of financial position as goodwill. If the purchase price is less than the fair value of the acquired net assets, the difference is reflected in the statement of comprehensive income as a bargain purchase gain (negative goodwill). The honoraria resulting from the acquisition of the associates is included in the cost of the subsidiary and presented under the heading "Investments in Equity Instruments".

At each balance sheet date, the Group assesses goodwill for any indication that there is an impairment loss related to the cash-generating units that related to the goodwill. If such an indicator exists, the recorded value of that asset is compared with the net realizable value that is higher than the amounts that would be obtained through use or sale. If the value of the asset or any unit generating cash that the asset belongs to is higher than the net realizable value, the value has become impaired. Impairment losses are recognized in the statement of comprehensive income.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

**Business Combinations under Common Control**

There is no specific accounting policy related to this transaction in TFRS since the main partnership is still unaffected and the main partnership is still jointly controlled. Accordingly, the Group has considered such business combinations within the scope of "TAS 8 Accounting Policies, Accounting Estimates and Errors Standard" and within the framework of the Resolution on Implementation of Turkish Accounting Standards dated July 21, 2013 regarding Accounting of Business Combinations under Common Control of the POA.

There are no goodwill or bargain purchase gain as a result of the legal mergers that have taken place by the entities controlled by the Group. The resulting difference between the amount of the associate and the amount of the share of the acquired company is directly accounted under "Prior Years' Profit/Loss" as "Effect of Associations Including Enterprises or Enterprises Subject to Common Control" within Equity.

**Leases**

**Finance Lease:**

Finance leases that transfer all the risks and benefits of ownership of the leased asset to the Group are recognized at the inception of the lease on the basis of the fair value of the leased asset and the present value of the lease payments. Finance lease payments are allocated as principal and finance interest during the lease term to generate a fixed periodic rate of interest for the remaining debt for each period.

The fair value of financial leases is the purchase price used to purchase the asset and determined between the parties. Minimum lease payments include total liabilities such as principal, interest and tax, which are accounted for at the acquisition cost since their present value is not lower than the purchase price (capital).

Principal rent payments are shown as liabilities and are reduced as payments are made. Interest payments are expensed as interest expense in the comprehensive income statement over the term of the lease. Property, plant and equipment acquired under finance lease contracts are depreciated over the useful life of the asset.

**Operational Lease:**

Leases where the leaseholder holds all risks and benefits of the leased asset are classified as operating leases. Operational lease payments are recorded in the income statement as a straight line expense over the lease term.

**Sale and Leaseback:**

The Group has entered into a sale and leaseback agreement under which some of the land and buildings in investment properties are subject. The Group has considered this contract within the scope of TAS 17 "Leases" and the amount corresponding to the fair value of the real estate subject to the contract and collected from the financial leasing institution is accounted under "Financial borrowings" account in the financial statements.

**Provisions for Employee Benefits**

In accordance with Turkish Labor Law, the retirement pay provision shall be made in accordance with the Law on the Regulation of the Relations between the Employees of the Press Personnel and the Turkish Labor Code or by the completion of at least one year of service (at least 5 years service for the press staff), calling for military service, represents the discounted value of the estimated total liability of future liabilities at the balance sheet date. The actuarial valuation method has been used to reduce the retirement pay liability. Actuarial assumptions have been made for this. The most important of these is the discount rate used in discounts.

The rate to be used to discount defined benefit obligations (provisions for employee benefits) after leaving the office is determined by looking at the market returns for high quality corporate bonds at the balance sheet date. Because of the lack of a deep market for such securities, the real interest rate has been used, taking into account the market returns (compound interest rates) of government bonds (on the balance sheet date). In other words, inflation-adjusted interest rate (real interest rate) is used (Note 22).

In this context, financial institutions subject to labor law have accounted for the provision for severance indemnity at the actuarial method in the financial statements for the retirement of retirement benefits for all personnel or for the termination of the business relationship by calling for military service or for the future probable liability amounts in case of death.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

The assumptions used in calculating the provision for employment termination benefits are explained in Note 22. According to Turkish Labor Law, if the employer has terminated the employment contract for any reason, unused vacation provision needs to be paid to him or his beneficiaries at the end of the contract. Unused vacation provision is recognized according to the stated framework.

**Provisions, Contingent Liabilities and Contingent Assets**

Provisions are only recognized if the entity has a present and legally enforceable obligation (legal or constructive), it is probable that the economic benefits of the entity will be derecognized because of the obligation, and the amount of the obligation can be reliably determined.

In cases where it is expected that some or all of the expenditures required to fulfill an obligation related to the obligation are to be compensated by another party, the related indemnification shall be recognized in the financial statements. However, it is highly probable that the compensation will be obtained if the operator fulfills the obligation.

One of three methods is used according to the situation which is subject to compensation in the case of provisioning. This method is applied when the time value of money is important. When the value of money is significant over time, the provisions are reflected by the reduced value of the possible future costs incurred on the balance sheet date. When discounted value is used, increases due to the passage of time are recorded as interest payments. Assuming that the time value of the money is significant, it is reduced by using the risk-free discount rate, which is based on the estimated cash flows at the same time as the estimated cash flow, assuming no risk or uncertainty in determining the estimated cash flows. The second method is the expected value method. This method is used when the counterpart is related to a large cluster or to a large number of events, and the liability is estimated taking into account all possible outcomes. The third method is to estimate the most probable outcome of a single obligation or event and to reflect the reversal in the balance sheet to the financial statements.

Liabilities and assets arising from past events that may be confirmed by the occurrence or non-occurrence of one or more uncertain future events that are not fully under the control of the entity are disclosed in footnotes, but not in the financial statements, but as contingent assets, liabilities and commitments (Note 21).

**Warranty Provisions**

Warranty provisions are the repairs and maintenance costs of the goods manufactured and sold by the companies, the labor and material costs incurred by the authorized services without customer compensation under the guarantee, the first maintenance costs incurred by the companies and the products that are recorded as income during the following years and the estimates of repair levels resulting from past experience are recorded.

**Revenue**

Revenue is recorded when it is probable that the economic benefit will come into operation and that the amount of income can be reliably measured. Revenues, discounts, value added tax and sales taxes are shown net after deduction. The following criteria must be met in order for income to be generated.

**Sale of Goods;**

Revenue is recognized when the interest and benefits of the goods sold are transferred to the buyer and the amount of income can be reliably calculated. Net sales, discounts and commissions are the estimated future sales price.

**Service Revenues;**

The revenue generated from the service revenue is deemed to have occurred when the measurable completion rate is reached. Where income can not be reliably measured, income is considered as much as the recoverable amount of the expense incurred.

**Interest;**

Interest income is accrued at the relevant period in proportion to the effective interest rate that discounts the estimated cash inflows from the related financial asset over the expected life of the remaining principal

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

balance to the recorded value of the related asset. The Group's forward selling interest income arising from trade receivables is recognized in other income from operating activities.

Dividend:

Dividend income from equity investments is credited when shareholders are entitled to receive dividends.

The price to be paid or receivable is measured at the fair value. If the revenues are due, the difference between the nominal value of the sales price and the fair value (discounted value) is recognized as interest income.

Where the outcome of a service revenue can be reliably estimated, the transaction proceeds are accounted for at the transaction date at the balance sheet date.

Construction Revenues;

As the Group does not have a progress payment amount, the provisions of TAS 11 are not applied and the revenue related to construction activities is measured according to TAS 18 "Revenue" standard. In TAS 18, the conditions for the goods and services sales to be reflected in the financial statements are specified and the construction revenues are reflected to the financial tables in accordance with these conditions. In the sales made against advance payment, the risk remains until the goods are delivered and invoiced, and no revenue is generated until the goods are delivered and invoiced.

**Settlement (“Barter”) Agreements**

The Group is buying real estate for the provision of advertising services. The exchange of goods or services with similar characteristics and value is not defined as transactions that generate revenue, while the exchange of goods or services with different characteristics and value is defined as transactions that generate income. Revenue is recognized as the fair value of the goods or services received, including cash and cash equivalents transferred. Where the fair value of the service rendered can not be measured reliably, revenue is recognized as the fair value of the goods or services received, including cash and cash equivalents transferred. Settlement agreements are recorded on an accrual basis.

**Unrealized Financial Income/Expenses**

Unearned financial income/expenses represent financial income and expenses on credit sales and purchases. These revenues and expenses are calculated over the period of credit sales and purchases by the effective interest rate method and are presented under “other operating income/expense” item.

**Borrowing costs**

Borrowing costs directly attributable to the acquisition of qualifying assets are capitalized as part of the cost of the respective assets. Capitalization is ceased when the -operations to bring the qualifying asset ready for sale or use- are completed. Qualifying assets are those assets whose construction or production takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are expensed in the period they occur.

In subsequent periods, the difference between the cash inflow provided and the payback value is recognized in the income statement over the period of the borrowing.

**Earnings per Share**

Basic earnings per share are calculated by dividing the net profit or loss by the weighted average number of ordinary shares outstanding during the year. The weighted average of the shares in circulation during the period is calculated taking into consideration the shares (bonus shares) issued without generating an increase in the sources.

**Financial Instruments**

Recognition and Derecognition of Financial Instruments;

The Group reflects the financial asset or liability in the consolidated statement of financial position only if it is a party to the contract of the financial instrument. The Group derecognizes a part of the financial asset or financial asset only when the control over the rights arising from the contractual existence of such assets is lost. Financial liability of the Group is only if the liability defined in the contract is lifted, canceled or expired if it is withdrawn from the records.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

Fair Value of Financial Instruments:

Fair value is the amount at which a financial instrument could be exchanged in a current transaction between knowledgeable and willing parties under circumstances that would not be affected, and is best evidenced by a quoted market price.

The estimated fair values of the financial instruments have been determined by the Group using available market information and appropriate valuation methodologies. However, judgment is used in the interpretation of market data in fair value estimation. Consequently, the estimates presented herein may not be indicative of the Group's value in a current market transaction.

Financial Assets:

Financial assets are carried at fair value except for financial assets recognized at fair value through profit or loss and at fair value, net of expenditures directly attributable to the acquisition. Investments are recorded in or removed from the records at the date of the trade transaction to which the investment instrument is subject to delivery in accordance with the timeframe specified by the relevant market.

Other financial assets are classified as "financial assets at fair value through profit or loss", "investments held-to-maturity", "available-for-sale financial assets" and "loans and receivables". The classification is based on the nature and purpose of the financial assets and is determined at initial recognition.

Effective interest method

Valuation of the financial asset at amortized cost and the redistribution of the related interest income. Effective interest rate; The expected cash to be collected in the future over the expected life of the financial instrument or, where appropriate, for a shorter period of time is fully discounted to the net present value of the related financial asset.

Borrowing instruments and financial assets classified as loans and receivables that are held to maturity and available for sale are calculated according to the effective interest method.

Available-for-sale financial assets

Certain equity securities and held-to-maturity securities held by the business are classified as available-for-sale financial assets and are valued at their fair value.

Financial instruments based on equity instruments that do not have a quoted market price in an active market and whose fair value can not be measured reliably are shown at cost subsequent to deducting accumulated impairment losses.

Receivables

Trade and other receivables are recognized at fair value at the date of initial recognition. They are carried at discounted cost using the effective interest method in the subsequent reporting periods after the initial recording date.

Financial Liabilities:

The Group's financial liabilities and equity instruments are classified according to the terms of the contractual arrangement and the definition of a financial liability and a tool based on equity. The contract representing the rights of the remaining assets of the Group after all debts are deducted is a financial instrument based on equity. The accounting policies applied for certain financial liabilities and equity instruments are given below.

Financial liabilities are classified as either financial liabilities at fair value through profit or loss or other financial liabilities. Other financial liabilities are initially recognized at fair value, net of transaction costs. Other financial liabilities are accounted for at amortized cost using effective interest method in the following periods together with interest expense calculated at effective interest rate.

Short-term and long-term bank loans are stated at amortized cost. Long-term loans denominated in foreign currencies are translated at period-end exchange rates and therefore their fair value approximates their carrying value.

In the event the Group is planning or preferring to refinance or rotate its financial liability within at least 12 months after the reporting period, this liability is classified as a long-term liability, even if the new payment

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

program is short-termed. However, if the company does not choose or prefer to refinance or rotate its financial liabilities, a possibility of refinancing is not considered and the liability is reset in the short-term

Trade and financial liabilities are valued according to the effective interest method.

**Impairment on Financial Instruments**

At the end of each reporting period, it is assessed whether there is objective evidence that the financial assets or group of financial assets measured at amortized cost are impaired. If such a marker is found, the impairment of value is calculated. It may not be possible to identify a single and separate event that results in impairment, and it is sometimes possible to have more than one cause.

Financial assets at fair value through profit or loss, except for financial assets at fair value through profit or loss, are assessed for impairment whenever a financial asset or a group of financial assets is impaired at each balance sheet date. Impairment loss is recognized if there is objective evidence that the related financial asset or group of financial assets has been exposed to an impairment on estimated future cash flows that can be reliably estimated and that the financial asset has been impaired as a result of the first recognition of the financial asset the loss occurs.

An impairment loss for receivables is the difference between the present value of the estimated future cash flows, discounted at the financial asset's effective interest rate, and the carrying amount. For all financial assets except for trade receivables where the carrying amount is reduced through the use of a provision, the impairment is directly deducted from the carrying amount of the related financial asset. In the event that commercial receivables can not be collected, this amount shall be deducted from the provision account. Changes in the allowance account are accounted for in the statement of comprehensive income.

Impairment losses on available-for-sale financial assets followed at cost are recognized in the statement of comprehensive income and are not reversed.

**Financial Risk Management**

The Group is exposed to various financial risks due to its operations. These risks include; collection, exchange rate and liquidity risks. The Group's overall risk management program focuses on minimizing the variability of financial markets and the potential adverse effects on the Group's financial performance to a minimum level.

**Collection Risk**

Group's risk of collection is generally due to its trade receivables. Trade receivables are assessed in light of market conditions together with past experience in the management of the Group and provision for doubtful receivables is appropriately allocated. Provision is provided for doubtful receivables up to the reporting date.

**Exchange Rate Risk**

Currency risk arises from the fact that the value of any financial instrument changes depending on the currency exchange rate. The foreign currency transactions arising from the Group's operations, investments and financial activities are disclosed in Note 38 as of the report date. Foreign currency risk occurs when the TL depreciates against foreign currencies.

**Liquidity Risk**

Liquidity risk refers to the risk of encountering difficulty in obtaining funds to fulfill an operator's commitment to financial instruments. The Group manages liquidity risk by balancing the distribution of assets and liabilities.

**Effects of Currency Exchange**

The Group's currency is expressed in Turkish Liras ("TL"). The Group is based on the related currencies effective at the transaction date when the Group first acquires foreign currency transactions (currencies other than the functional currency of the related entity) in functional currency. Monetary assets and liabilities denominated in foreign currencies are measured at the rates prevailing at the balance sheet date and foreign exchange gains or losses are recognized in profit or loss in the related period. All monetary assets and liabilities are translated at period-end exchange rates and the related exchange differences are reflected in the profit or loss account. Non-monetary items that are denominated in foreign currencies and are measured at cost value are converted to functional currency at the dates of the initial transaction. Non-monetary items

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

denominated in foreign currencies, which are measured at fair value, are translated into functional currency at the exchange rates prevailing at the time the fair value was determined.

**Dividend**

Dividend receivables are recognized as income in the period when they are declared. Dividend payables are reflected in the consolidated financial statements as a liability in the period when declared as an element of profit distribution.

**Paid-in Capital**

Ordinary shares are classified in equity. The costs associated with new share issues are reflected in equity on an after-tax proceeds basis.

**Share Premiums**

Share premiums represent the difference arising from sale of shares belonging to the Group, to its subsidiaries or its investments that are valued through equity method, at a price higher than their nominal value; or from the difference between the nominal and fair values of shares issued by the Group in respect of the companies it has acquired.

**Subsequent Events**

Subsequent events represent events that occur in favor or against the business between the date of the balance sheet date and the authorization date for the release of the consent. According to TAS 10, if there are new evidence that the related events exist as of the balance sheet date in accordance with the " Events After Reporting Period" or if such events arise after the balance sheet date and these events necessitate correction of the financial statements, as appropriate. If these events do not require the restatement of the financial statements, the Group discloses them in the relevant footnotes.

**Government Incentives and Grants**

Government grants are recognized at fair value when there is a reasonable assurance that donations will be received and the Group meets the conditions for which it is obliged to comply. Government grants for costs and incentives are recognized as income consistently over the periods in which they match the costs they will meet.

**Statement of Cash Flows**

In terms of statement of cash flows, cash; cash on hand and demand deposits. Cash equivalents are short-term, highly liquid investments whose value is easily convertible into a certain amount of cash and whose value is not material to the risk of change. Cash equivalents are assets held for short term cash liabilities and are not used for investment purposes or other purposes. In order for an asset to be regarded as a cash equivalent, it is essential that the value can be transformed into a definite cash and the risk of change in value is insignificant. Accordingly, investments with a duration of 3 months or less are considered cash equivalent investments. Investments made in respect of securities representing equity are not considered cash equivalents unless they are essentially cash equivalents.

The Group prepares statement of cash flows to inform users of the ability to direct changes in the amount and timing of their changes in net assets, financial structure and cash flows according to changing circumstances.

In the statement of cash flows, the cash flows related to the turnover are reported in a form that is based on operations, investment and financing activities. Cash flows from operating activities represent cash flows arising from the entries in the Group's operating area. Cash flows from investing activities represent the cash flows from investment activities the Group uses in its investment activities (fixed investments and financial investments). Cash flows related to financing activities represent the resources used by the Group in its financing activities and repayments of those resources.

**Segment Reporting**

The Group management has organized the reportable segments of the Group as construction, marketing, media and other. The reportable segments of the Group are strategic business units that offer different products and services and the details are presented in Note 5.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

**Group Accounting**

**a)** Consolidated financial statements are prepared by the parent company İhlas Holding A.Ş. and its subsidiaries. The financial statements of the companies included in the scope of consolidation have been prepared in accordance with TFRS, taking into account the uniform accounting principles and practices as of the date of the financial statements. The results of operations of subsidiaries and associates are included or excluded from the effective date of such transactions in accordance with the purchase or exemption procedures.

**b)** Subsidiaries are entitled to exercise more than 50% of the voting rights of the Group either directly or indirectly; or companies that have the power and power to control their financial and operating policies in the interests of the Group, using the actual control over their financial and operating policies, while not having the authority to exercise more than 50% of the voting rights.

The following table shows the subsidiaries included in consolidation and their effective ownership interest as of balance sheet date:

<b>Consolidated Subsidiaries</b>	<b>Effective Rates %</b>
İhlas Gazetecilik A.Ş. (*)	35.25
İhlas Ev Aletleri İmalat San. Tic. A.Ş. (*)	21.74
İhlas Pazarlama A.Ş.	98.32
İhlas Haber Ajansı A.Ş. (*)	46.10
İhlas Yayın Holding A.Ş. (*)	49.71
Kuzuluk Kapl. İnş. Tur. Sağ. Petr. Ür. Tic. A.Ş.	95.01
İhlas Net A.Ş.	92.98
İhlas Motor A.Ş.	91.29
TGRT Haber TV A.Ş. (*)	49.45
TGRT Dijital TV Hizmetleri A.Ş. (*)	49.52
Bisan Bisiklet Moped Oto. San. Tic. A.Ş.	96.53
Bisiklet Pazarlama ve Tic. A.Ş.	96.65
İletişim Magazin Gazt. Yayın San. ve Tic. A.Ş. (*)	50.91
İhlas Yapı Turizm ve Sağlık A.Ş.	94.10
Kıbrıs Bürosu	100.00
İhlas Medya Planlama ve Satınalma Hiz. Ltd.Şti.	50.67
İhlas Gelişim Yayıncılık A.Ş. (*)	50.54
Armutlu Tatil ve Turizm İşletmeleri A.Ş.	95.00
İhlas İnşaat Holding A.Ş.	95.00
İhlas İnşaat Proje Taahhüt Turizm ve Tic. A.Ş.	90.25
Dijital Varlıklar Görsel Medya ve İnternet Hiz. Ltd. Şti.	51.12

İhlas Pazarlama A.Ş. – İhlas Yapı Turizm ve Sağlık A.Ş. Adi Ortaklığı	98.11
İhlas Marmara Evleri Ordinary Partnership	88.53

(\*) Although the total effective shareholding ratio is less than 50%, when the capital structure of the companies is taken into account, the parent company is exposed to the volatility of these companies, they are entitled to these assets and have the opportunity to influence this asset by force; therefore they control and consolidated these companies.

The financial statements and income statements of the subsidiaries are consolidated using the full consolidation method and the carrying value of the shares held by the parent Company and its subsidiaries is deducted from the equity.

The Group considers the purchase and sale transactions of the non-controlling interests and the shares of the partnerships that it controls as the use of the main partner expansion method. Accordingly, the difference between the cost of acquisition and the net asset value of the share acquired in partnership is accounted for under shareholders' equity in extraordinary share purchases and sales. In other words, if there is no loss of control despite changes in the ownership ratio of a subsidiary of a parent, the changes occurring are accounted for as equity transactions.

Transactions and balances between the parent company and its subsidiaries are eliminated on consolidation basis. The cost of financing the shares held by the parent and its subsidiaries in the subsidiary and the dividends pertaining to these shares are deducted from equity and income for the period, respectively.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

If the Group is no longer in control of the subsidiary, the Group's share on the subsidiary is measured at the fair value at the date the control is lost and the difference with the carrying amount is recognized in profit or loss in the statement of comprehensive income.

Fair value is the initial purchase price for the subsequent accounting of the shares held in associates, jointly controlled entities and financial assets. In addition, amounts previously recognized as other comprehensive income for the entity are recognized as if the related asset or liability were removed from the Group.

As of the balance sheet date, the financial statements of the subsidiaries that do not have significant cash flow and which are not monetary due to the financial position and the results of operations for the period then ended are not enumerated either individually or collectively. These subsidiaries are classified as available-for-sale financial assets in accordance with TAS 39 and are accounted for in this consolidated financial statements.

**c)** In the event that the investee, directly or indirectly, holds 20% to 50% of the voting right of the investee and it is not clearly stated otherwise, it is considered to have a significant effect on the said transaction and the invested company is considered as an affiliate.

<b>Associates</b>	<b>Effective Rates %</b>
İhlas Gayrimenkul Proje Geliştirme ve Ticaret A.Ş. (eski ünvanı: İhlas Madencilik A.Ş.) (*)	13.23

(\*) The invested business is regarded as an associate because the Group is represented on the board of directors or its equivalent administrative body of the business, and significant transactions are made between the invested business and the Group.

The equity method is applied when investments in associates are accounted for. According to the equity method, investment in associates is initially recorded at acquisition cost. After the acquisition date, the book value of the investment is increased or decreased to reflect the share of the investor's profit or loss of the invested company to the financial statement. The investor's share of profit or loss of the investee is accounted as profit or loss of the investor. In addition, the goodwill associated with the associate is included in the carrying amount of the investment in the associate.

Jointly controlled entities are companies that are subject to joint control of the Group and one or more enterprising partners and to which contractual economic activity is undertaken. The Group has used the equity method in consolidation of the joint venture. Jointly controlled entity in the equity method; In the Consolidated Consolidated Balance Sheets, the costs are included in the Group's post-acquisition changes to the net assets of the jointly controlled entity, and any impairment, if any, is deducted. The consolidated statement of comprehensive income reflects the share of the Group's joint venture in its operating results.

**d)** Financial investments in which the Group holds 20% or less voting rights are classified as available-for-sale financial assets under TAS 39 and are accounted for as a requirement of this standard; those fair values cannot be determined are evaluated with cost.

**E. Significant Accounting Judgments, Estimations and Assumptions**

The preparation of consolidated financial statements requires the use of estimates and assumptions that could affect the amounts of assets and liabilities reported at the balance sheet date, the disclosure of contingent assets and liabilities and the amounts of income and expenses reported during the period. Accounting assessments, estimates and assumptions are continuously assessed based on past experience, other factors and reasonable expectations of future events with respect to those circumstances. Although these estimates and assumptions are based on management's best knowledge of current events and transactions, actual results may differ from their assumptions.

Significant estimates and assumptions the Group uses to prepare its consolidated financial statements are stated in the following footnotes:

Note 2/D	Determination of fair values
Note 35/B	Deferred tax assets and liabilities
Note 21	Litigation and warranty provisions
Note 22	Provisions for employee benefits
Note 2/D,17,18,19 impairment provisions	Investment property, property, plant, equipment, useful lives, valuation allowances/ impairment provisions
Note 7 and 38/E	Financial investment appreciation/impairment

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

---

Note 10 and 38/E Trade receivables impairment provision  
Note 13 Inventory impairment provision

At the balance sheet date, the sources of the assumptions and uncertainties regarding the future period that may cause significant adjustments to the assets and liabilities in the next reporting period are explained below.

(a) Estimation of goodwill impairment, The Company tests each year for impairment in the light of the accounting policy in Note 2.D to determine whether there is any impairment in value. The recoverable value of cash generating units is calculated on the basis of usage value. These calculations require the use of estimates (Note 19).

If the discount rate used in the calculation of value in use of the related cash-generating unit was 1% higher than the management's estimate, the Company would have to record an additional impairment provision amounting to TL 1,198,636 (January 1 – December 31, 2106: TL 487,421) for the goodwill and the recorded value of honorary will decrease by TL 1,198,636 (January 1 – December 31, 2106: TL 487,421).

(b) Deferred tax, Deferred tax is recognized in the income statement when it is probable that taxable income will be available in the future. Where it is probable that taxable profit will be realized, deferred tax asset is recognized in the income statement for all deductible temporary differences (Note 35).

(c) Provisions for changes in the useful lives and impairment, provision for impairment of doubtful receivables and litigation Provisions are made by the management during the determination of useful lives, determination of doubtful receivables (Note 10 and 38) and calculation of litigation reserves (Note 21) Predictions have been used.

If the doubtful receivables can not be collected, the impairment will be reflected in the financial statements for impairment and the amount recorded in trade receivables will be reduced by this amount. Detailed information is given in Note 38.E.

The Group is based on estimated sales prices in the calculation of provision for the inventory impairment. Detailed information about the inventory impairment is given in Note 13.

The Group management is based on the experience of the appraisal team and legal arrangements when determining the useful lives of the property, plant and equipments.

The Group management is based on the opinions of legal counsel on the likelihood of loss of the related cases and/or possible consequences in the event of loss in determining the legal case. Detailed information is given in Note 21.

The Group calculates warranty provisions by estimating the costs of maintenance and spare parts, including labor and materials costs, estimated for the products sold under guarantee, repair and replacement parts, and possible replacement parts of the products sold during the following years. Detailed information is given in Note 21.

(d) Change in the fair value of investment property

In order to determine the fair value of the investment property, the Group evaluates an independent expert each year in accordance with the accounting policy in Note 2.D. These calculations require estimation.

The fair market value of investment property is determined based on the current market conditions. Detailed information is given in note 17.

(e) Retirement payments

The present value of the provision for employment termination benefits is determined on an actuarial basis using certain assumptions. These assumptions are used to determine the net retirement obligation (income) and include the discount rate. Any change in the underlying assumptions affects the recorded value of the pension liability.

The Group determines the appropriate discount rate at the end of each year. This rate is the percentage that should be used to calculate the present value of estimated future cash outflows required to meet pension obligations. When determining the appropriate discount rate, the Group considers high quality corporate bond rates in the same currency as the seniority obligation and in similar maturity periods.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

Other factors that are significant for the termination liabilities are based on the current market conditions. Detailed information is given in Note 22.

(f) Determination of fair value

Information related to the determination of fair value of financial instruments is presented in Note 39.

The accounting and finance department of the Group has a valuation unit for valuation of investment properties and land and buildings, including Level 3 real values for financial reporting purpose. This unit directly reports to the accounting and finance director. Opinions and results on valuation processes are handled by the director and valuation unit in line with the Group's reporting dates.

The group annually appoints an external, independent and qualified specialist to determine the fair value of investment properties and land and buildings. The Group's non-financial assets measured at fair value at December 31, 2017 and December 31, 2016 are presented in Note 2.D.

It is expected that the effects of the past period will have a similar effect in the next period. In this respect, the footnotes affecting the assumptions included in the prior years' financial statements provide sufficient information and forecasts for future assessments.

**Note 3 – Business Combinations**

December 31, 2017: None

December 31, 2016:

Indirectly owned by the Group, İhlas Ev Aletleri İmalat San. ve Tic. A.Ş., bought the shares of Şifa Yemek ve Gıda Üretim Tesisleri Ticaret A.Ş., owned by İhlas Pazarlama A.Ş., a subsidiary of the Group, with independent valuation report on June 17, 2016 for the total value of TL 18,347,233 according to the method of analysis. This merger was not carried out between the companies included in the consolidation and therefore no goodwill arises.

Indirectly owned by the Group, İhlas Ev Aletleri İmalat San. ve Tic. A.Ş., bought the shares of KPT Lojistik Taşımacılık Tur. Rek. Paz. İç ve Dış Tic. A.Ş., owned by İhlas Pazarlama A.Ş., a subsidiary of the Group, with independent valuation report on June 17, 2016 for the total value of TL 5,294,509 according to the method of analysis. This merger was not carried out between the companies included in the consolidation and therefore no goodwill arises.

Subsidiaries of the Group, İhlas İletişim Hizmetleri A.Ş. and İhlas Net A.Ş. were merged entirely with all of their assets and liabilities on December 22, 2015, pursuant to articles 155 and 158 of the TCC No. 6102 and articles 19 and 20 of CTL No. 5520. No goodwill was derived since the aforementioned merger was completed between companies included in the consolidation.

**Note 4 – Shares in Other Businesses**

Details of the associates, which the Group shows as interests in other entities are accounted for by the equity method, are disclosed in Note 16 and 27.

(Convenience translation to English of Consolidated Financial Statements Originally Issued in Turkish)

**İhlas Holding A.Ş.**

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

Reasons for not including those companies which have relations with the Parent Company and the subsidiaries in terms of capital, management and auditing, and the shares held by the Parent Company in the participation to the consolidation:

- İhlas Finans Kurumu A.Ş. is in the process of liquidation. The Group has allocated a provision for the entirety of its participation value; in other words, the financial statements of the aforementioned subsidiary no longer have financial importance according to the consolidated financial statements, and the company was therefore not included in the consolidation. The Group has no responsibility towards the aforementioned subsidiary other than the capital it has contributed. According to Article 480 of Turkish Commercial Code, the only shareholder obligation can be the capital contribution undertaken by the respective shareholder to the company, and this obligation is limited to the amount of capital that each shareholder has undertaken to contribute; additionally, this obligation ends with the contribution of the capital to the subsidiary.
- İhlas Dış Ticaret A.Ş. and Detes Enerji Üretim A.Ş. do not have financial importance according to the consolidated financial statements, and do not provide cash flow at a considerable level. Therefore, they were not included in the consolidation. The Group has no responsibility towards the aforementioned subsidiary other than the capital it has contributed.

The subsidiaries not included in the consolidation were recorded in the consolidated financial statements after the reduction, if any, of the provisions for impairment.

Information on financial statements of not consolidated subsidiaries and not consolidated associates from available for sale financial assets are as follows;

	<b>İhlas Dış Ticaret</b>	<b>Detes Enerji</b>

Other Comprehensive Income/Loss	(140,629)	(187,841)

İhlas Gayrimenkul Proje Geliştirme ve Ticaret A.Ş. (old title: İhlas Madencilik A.Ş.) was assessed as a single cash-generating unit and subjected to impairment test; for this purpose, the stock exchange quote is taken into consideration in calculating the recoverable amount of the investment. As a result of the impairment test, no impairment was recognized for the investment as of December 31, 2017.

**Note 17 – Investment Properties**

As of December 31, 2017 and December 31, 2016, the movement table of the investment properties is as follows:

	<b>January 1 – December 31, 2017</b>	<b>January 1 – December 31, 2016</b>
Net book value at the beginning of the period	211,824,813	233,452,519
Additions	4,500,000	2,374,346
Disposals	(372,284)	(14,644,476)
Transfers (*)	13,569,765	(27,284,205)
Revaluation gain/loss	9,007,160	17,926,629
<b>Net book value at the end of the period</b>	<b>238,529,454</b>	<b>211,824,813</b>

(\*) Transfers between investment properties, and property, plant, equipments and inventories.

Investment properties consist of land and buildings used by various organizations.

Financial expenses regarding investment properties are recognized in the related income statement and are not capitalized.

	Balance at January 1, 2016	Additions	Revaluation Gain / Loss	Disposals	Balance at December 31, 2016
<b>Cost</b>					
Cost	15,497,959	962,242	(255,260)	-	16,204,941
Accumulated depreciation	(7,904,683)	(1,692,716)	114,367	-	(9,483,032)
<b>Net book value at the end of the period</b>	<b>7,593,276</b>				<b>6,721,909</b>

Since property, plant and equipment are not within the scope of the special asset defined in TAS 23 "Borrowing Costs", finance expenses related to property, plant and equipment are related to the income statement.

The Group's mortgages on the properties are presented in Note 21. For this reason, mortgage information on real estates has not been given separately for property, plant and equipment and investment properties.

**Note 19 – Intangible Assets**

**a) Goodwill:**

As of December 31, 2017 and December 31, 2016, the movement table of the goodwill is as follows:

	December 31, 2017	December 31, 2016
Beginning of the period	14,442,639	19,838,211
Provision for impairment during the period	(4,749,906)	(5,395,572)
<b>End of period</b>	<b>9,692,733</b>	<b>14,442,639</b>

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

The Group compared the goodwill amounts accounted in the consolidated financial statements in the impairment studies with values of use of the relevant cash generating units, as of December 31, 2017 and December 31, 2016. No impairment emerged as a result of these transactions in the current period.

The following assumptions were used in calculation of the goodwill impairment:

- Weighted Average Capital Cost calculated as 14-15 percent as the discount rate of the usage value within the scope of the Financial Assets Pricing System.
- Projections include year 2022 with the calculated growth rates of 5%-11%
- Inflation rate estimations for the two years following the current reporting period were based on the expectations of the Central Bank of Republic of Turkey.
- Sales income in the projected period was calculated based on the course of the industries in which companies with calculated goodwill are included.

Goodwill carried onto the consolidated financial statements is derived from the acquisition of the companies is as follows: Şifa Yemek (2017: TL 9,692,733; 2016: TL 9,692,733) and KPT (2017: None; 2016: TL 4,749,906)

**b) Other Intangible Assets:**

- There is a restricted term deposits in the amount of TL 382,343 belonging to İhlas Yapı Turizm ve Sağlık A.Ş., the Group company, in connection with the Bizimevler-6 project built by the company.

There are mortgages totaling TL 411,307,392, USD 26,515,000 and EUR 15,975,778 on the property held by the Group on the basis of property, plant and equipment and investment properties (December 31, 2016: TL 494,429,496, USD 26,515,000 and EUR 16,369,738).

As of the reporting period, the minimum lease payments to be made in the future within the scope of operating lease that can not be canceled are as follows; Less than 1 year: TL 1.100, EUR 8.046; More than 1 year and less than 5 years: 6,924 EUR. In addition, a lease is made for one of the properties until 2043 and the rent payments are 1% of the annual revenue of the Company. In the reporting period, the Group expensed TL 162,517 and EUR 8,046 as operating lease in comprehensive income statement.

**Summarized information on litigations and enforcement proceedings related to the Group as of December 31, 2017 listed as follows:**

	<u>Amount (TL)</u>
Pending litigation initiated by the Group	5,666,302
Enforcement proceedings filed by the Group	23,427,869
Ongoing litigations initiated against the Group	16,112,073
Enforcement proceedings filed against the Group	24,794,652

As presented in the chart above, the Group has ongoing litigations of TL 16,112,073 and the Group has allocated provision amounting to TL 9,319,338, and the remaining TL 6,792,735 does not include any provision for the reason that it is probable that the portion will be recovered.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

**Note 22 – Provision for Employee Benefits and Payables Related to Employee Benefits**

	<b>December 31, 2017</b>	<b>December 31, 2016</b>
Due to personnel (wages, pension) (*)	14,380,525	15,161,389
Social security premiums	6,258,036	4,482,836
<b>Payables Related to Employee Benefits</b>	<b>20,638,561</b>	<b>19,644,225</b>

<b>Long-Term Provisions for Employee Benefits</b>	<b>December 31, 2017</b>	<b>December 31, 2016</b>
Provisions for severance payments	44,290,814	40,635,156

According to the Labor Law, the Group is legally required to offer a severance payment to an employee who has been terminated without due cause, on the condition of his/her being employed for at least one year; or who has been drafted into the military, has died, or has retired upon reaching retirement age (58 for females and 60 for males); and after 25 years of service for males and 20 years for females. As of December 31, 2017, the maximum payable amount is one month's salary for each employee for each year of service, subject to an upper limit of TL 5,002 (December 31, 2016: TL 4,297).

On the other hand, according to the Law on the Regulation of Relationships between Employees and Employers Engaged in the Profession of the Press, the Company is obliged to pay severance to each employee who is subject to this law, who has worked for a minimum of 5 years and whose employment is terminated without due cause. The maximum payable amount is 30 days' salary for each year of employment. There is no severance payment caps for press staff.

Currently, no regulations exist for retirement commitments aside from the legal requirements delineated above. Early retirement rights of people working in press, publishing, packaging and printing works have been nullified since October 1, 2008.

No funds were allocated for such a liability since there are no requirements to allocate such funds.

Provisions for severance payments were calculated based on the estimated balance sheet date value of the possible future liabilities that will arise from retirement of the Group's employees.

The "TAS 19 - Employee Benefits" standard stipulates the use of actuarial evaluation methods when estimating the companies' liabilities within the scope of their specific social rights plans. Accordingly, actuarial assumptions and current legal obligations were used for each company to determine the total obligation.

	<b>December 31, 2017</b>	<b>December 31, 2016</b>
Discount rate	3.72%	3.46%
Average rate of non-payment of severance payment liabilities	10.0%	8.5%

Provisions for severance payments activities table is listed as follows:

	<b>January 1 – December 31, 2017</b>	<b>January 1 – December 31, 2016</b>
Beginning of the period	40,635,156	38,159,802
Payments	(6,841,062)	(8,895,945)
Actuarial gain/loss	1,710,846	3,805,212
Provision during period	8,785,874	7,566,087
<b>End of the period</b>	<b>44,290,814</b>	<b>40,635,156</b>

According to the Labor Law, the Group has provisions for unused vacations of TL 883,259.

**Note 23 – Pension Plans**

Currently, no regulations exist for retirement commitments aside from the legal requirements delineated in Note 22.

<b>Net book value</b>	<b>-</b>			<b>377,990</b>

**B. Discontinued Operations**

Current Period: None.

Prior Period: None.

**Note 35 – Tax Assets and Liabilities**

**A. Current Period Tax Assets and Liabilities**

Corporate tax rate is 20%.

Dividends paid to corporations that earn income through an office or a permanent agency in Turkey, and corporations located in Turkey are not be subject to withholding tax. Dividend payments other than these shall be subject to withholding tax at a rate of 15%. Addition of profit to the capital shall not be deemed as dividend distribution and thus, no withholding tax shall be levied. Corporations shall pay advance tax at a rate of 20% over their three-month financial profits. While advance taxes paid during the year pertain to that year, they are deducted from the corporate tax of the subsequent year, which will be calculated based on the corporate tax statement to be submitted.

Corporate tax exemption applies to the revenues arising from the sale of 75% of the properties, participation stocks, dividend right certificates and pre-emption rights that remain in the corporation's assets for at least two full years.. In order to benefit from the exemption, such earnings must be held in a fund account under Liabilities and must not be withdrawn for at least 5 years. The sales revenue must be collected by the end of the second calendar year from the date of completion of the transaction.

According to Turkish tax legislation, financial losses on tax statements may be deducted from the corporation's earnings in the current period, provided that the period of deduction does not exceed five years.

Primary income tax expenses as of December 31, 2017 and December 31, 2016 are listed below:

	<b>December 31, 2017</b>	<b>December 31, 2016</b>
Current tax provisions	6,108,165	31,451,437
Prepaid taxes (-)	(5,708,155)	(25,802,839)
<b>Total</b>	<b>400,010</b>	<b>5,648,598</b>

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

Primary income tax expense items in statement of consolidated comprehensive income for periods of January 1-December 31, 2017 and 2016 are listed below:

	<b>January 1 – December 31, 2017</b>	<b>January 1 – December 31, 2016</b>
Current period tax expense	(6,108,165)	(31,451,437)
Deferred tax income/expense	13,286,259	6,679,247
<b>Tax Income/Expense</b>	<b>7,178,094</b>	<b>(24,772,190)</b>

Turkish tax legislation does not permit a parent company to file a consolidated tax return. Therefore, tax liabilities, as reflected in consolidated financial statements, have been calculated on a separate-entity basis.

The Group's income tax expense/income reconciliation for periods of January 1-December 31, 2017 and 2016 is as follows:

	<b>January 1 – December 31, 2017</b>	<b>January 1 – December 31, 2016</b>
Profit/Loss from continuing operations, before tax	28,036,577	85,310,352
Calculated income tax income/expense (20%)	(5,607,316)	(17,062,071)
Tax Effect:		
Non-taxable income	26,318,844	25,212,548
The effect of calculated fiscal loss and investment incentives	2,435,712	689,329
Non-deductible expenses and the effect of items not taxed	(15,969,146)	(33,611,996)
<b>Total Income Tax Income/Expense</b>	<b>7,178,094</b>	<b>(24,772,190)</b>

**B. Deferred Tax Assets and Liabilities**

The Group calculates its deferred tax assets and liabilities by taking into account the impact of temporary differences arising as a result of the separate evaluation of balance sheet items in accordance with TFRS standards and tax legislation. These temporary differences arise from the differences in the periods of the recognition of income and expenses in accordance with TFRS and tax legislation.

The corporate tax rate for 2017 is 20% (December 31, 2016: 20%). In accordance with the "Law on the Amendment of Certain Tax Acts and Some Other Laws" numbered 7061 and published in Official Gazette on December 5, 2017; the corporate tax rate for the years 2018, 2019 and 2020 has been increased from 20% to 22%. Therefore, deferred tax assets and liabilities as of December 31, 2017 are calculated with 22% tax rate for the temporary differences that will be realized in 2018, 2019 and 2020; and with 20% tax rate for the temporary differences that will be realized after 2021 and onwards (December 31, 2016: 20%).

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

The following is the breakdown of accumulated taxable temporary differences and deferred tax assets and liabilities, prepared by using effective tax rates as of December 31, 2017 and December 31, 2016:

	Taxable temporary differences		Deferred tax assets/ (liabilities)		The income statement and OCI	
	December 31, 2017	December 31, 2016	December 31, 2017	December 31, 2016	December 31, 2017	December 31, 2016
Property, plant and equipment and intangible assets (including investment property)	(65,344,327)	(52,978,829)	(13,068,866)	(10,595,767)	(2,473,099)	(3,582,475)
Provisions for liabilities and expenses	48,928,720	46,888,079	10,151,046	9,377,617	773,429	1,257,064
Provision for diminution in value of inventories	11,329,125	12,674,093	2,425,958	2,534,819	(108,861)	(221,333)
Provision for doubtful receivables	49,218,649	60,799,659	10,199,704	12,159,932	(1,960,228)	2,246,587
The effects of discounting adjustments	4,934,380	36,622,219	1,206,775	7,324,444	(6,117,669)	2,712,611
The effects of prepaid expense adjustments	663,778	9,068,711	140,544	1,813,743	(1,673,199)	(1,767,031)
Unrecognized tax losses	148,506,318	29,605,999	31,024,346	5,921,200	25,103,146	5,284,651
Other	(162,653)	937,849	(34,623)	187,567	(222,190)	(69,893)
<b>Deferred tax assets and liabilities, net</b>	<b>198,073,990</b>	<b>143,617,780</b>	<b>42,044,884</b>	<b>28,723,555</b>	<b>13,321,329</b>	<b>5,860,181</b>

Net deferred tax assets/(liabilities) table is listed below:

	December 31, 2017	December 31, 2016
Beginning of the period	28,723,555	22,863,374
Deferred tax income/(expense) recognized in income statement	13,286,259	6,679,247
Deferred tax effect of the revaluation funds transferred to retained earnings/(loss)	35,070	(819,066)
<b>End of the period</b>	<b>42,044,884</b>	<b>28,723,555</b>

The Group calculated deferred tax assets of TL 148,506,318 (December 31, 2016: TL 29,605,999) for unrecognized tax losses in its consolidated financial statements, which were prepared in accordance with the TAS 12 "Income Taxes".

Maturities of these tax losses are as follows:

	December 31, 2017	December 31, 2016
2017	-	6,988,047
2018	894,300	1,204,119
2019	8,134,382	8,134,381
2020	66,163,105	4,805,391
2021	45,754,533	8,474,061
2022	27,559,998	-
<b>Total</b>	<b>148,506,318</b>	<b>29,605,999</b>

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

Deferred tax assets were recognized to the extent that the Group is likely to generate financial profit to be used for all deductible temporary differences. The Group had tax losses in the amount of TL 241,748,846 (December 31, 2016: TL 384,651,518) that can be appropriated and that were deferred as of December 31, 2017 without calculating tax assets to be reviewed again in the following period. Their maturities are as follows:

	<b>December 31, 2017</b>	<b>December 31, 2016</b>
2017	-	74,647,983
2018	126,165,942	127,763,170
2019	65,409,846	66,755,869
2020	10,912,886	73,478,366
2021	2,419,035	42,006,130
2022	36,841,137	-
<b>Total</b>	<b>241,748,846</b>	<b>384,651,518</b>

**Note 36 – Earnings/Losses per Share**

The following are the weighted average numbers of the Group's shares as of December 31, 2017 and December 31, 2016, and the calculation of earnings per unit share;

	<b>January 1 – December 31, 2017</b>	<b>January 1 – December 31, 2016</b>
Profit/loss for the period	35,214,671	60,538,162
Profit/loss attributable to non-controlling interests	(7,531,249)	(2,550,160)
Profit/loss attributable to the equity holders of the parent	42,745,920	63,088,322
Weighted average number of stocks, each with a nominal value of TLO,01	79,040,000,000	79,040,000,000
<b>Earnings/(losses) per share (Kr)</b>	<b>0.0446</b>	<b>0.0766</b>
<b>Earnings/(losses) per share attributable to the equity holders of the parent (Kr)</b>	<b>0.0541</b>	<b>0.0798</b>

Diluted earnings per share have not been calculated, since the Group does not have any potential common shares with dilutive effect (Previous period: None)

There are no dividends accrued in the current period (Previous period: None).

There are no share-based payments (Previous period: None). Earnings per share are calculated by dividing the net profit of the current period by the weighted average of the number of shares circulating during the period.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

**Note 37 – Related Party Disclosures**

(\*) Released from related parties during the interim period.

Since all of the Group's receivables and payables, rent revenues and expenses, interest revenues and expenses and all other receivables and payables from affiliate companies already recognized in the consolidation were offset within the consolidation, they are not recognized in the consolidated financial statements

**C)** Key management personnel include executives (administrative or otherwise) with direct or indirect authority and responsibility to plan, manage and control the Company's operations. Two types of benefits are provided to them: Short-term benefits consist of wages, social security contributions, bonuses, paid vacations and attendance fees. These type of short-term benefits have been reported under the "Employee Benefits Payable" account. Meanwhile, severance benefits comprise the Company's severance payment liability. These types of benefits are reported under "Provisions for Employee Benefits."

Short-term benefits such as wages, attendance fees, etc. paid out to key personnel during the January 1-December 31, 2017 period totaled TL 10,052,792 (January 1-December 31, 2016: TL 8,672,514). Meanwhile, short-term benefits (severance payments) to be provided for key management personnel in case they resign totaled TL 3,434,273 for the period January 1-December 31, 2017 (January 1-December 31, 2016: TL 3,204,837).

There were no long-term benefits provided to the Group's key personnel during the periods January 1-December 31, 2017, and the January 1-December 31, 2016.

The Group provided short-term benefits such as wages, attendance fees, etc. in the amount of TL 889,328 to key personnel who resigned their job or post during the January 1-December 31, 2017 period (January 1-December 31, 2016: TL 1,742,320).

The Company does not make share-based payments.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

**Note 38 – Financial Instruments and Financial Risk Management**

**A) Capital risk management**

The Group strives to achieve sustainable operations, while also aiming to increase profitability and market value by establishing an efficient balance between liabilities and shareholder's equity.

The capital structure of the Group is comprised of liabilities, including the loans stated in Note 8, as well as cash and cash equivalents Note 6; also equity items, including paid-in capital, capital reserves and retained earnings disclosed in Note 27.

Senior management evaluates the Group's capital cost and the risks associated with each type of capital. During such examinations, senior management reviews capital costs and risks associated with each type of capital, and presents to the Board of Directors the decisions that are subject to its consideration. Based on the evaluations conducted by senior management and the Board of Directors, the Group aims to optimize its capital diversification by means of new borrowing, repaying existing debts and/or capital increases. The Group's overall strategy remains unchanged from the previous period.

The Group keeps track of its capital adequacy by applying the net debts/shareholders' equity ratio. The ratio is found by dividing the net debt by the total shareholder's equity. Net debt is calculated by deducting cash and cash equivalents from the total amount of debts (comprised of loans indicated in the consolidated balance sheet).

	<b>December 31, 2017</b>	<b>December 31, 2016</b>
Total financial borrowings	318,339,397	273,750,937
Less: Cash and cash equivalents	(18,109,173)	(24,202,969)
<b>Net debt</b>	<b>300,230,224</b>	<b>249,547,968</b>
<b>Total equity</b>	<b>828,321,534</b>	<b>788,461,236</b>
<b>Net financial debt / equity ratio</b>	<b>36%</b>	<b>32%</b>

**B) Significant accounting policies**

The Group's significant accounting policies related to financial instruments is described in the "Financial Instruments" section of "Summary of Significant Accounting Policies" in Note 2.

**C) Financial risk management objectives**

The Group constantly keeps up with domestic and foreign market developments so as to monitor and manage the level and size of the risks it faces, or may face, with regard to its facilities. The Group's significant financial risks include risks of foreign exchange, interest rate and liquidity.

A "risk assessment report" is prepared regarding the steps of the Group's risk management model. Influence over the Group's activities; strategic management and investment, finance, service (education and health), labor force and information categories were identified and defined. During the determination of the risks, the main risks that may be affecting the managers and the Company and the specific risks for each main risk group have been clarified. The identified main risks and specific risks are reflected in the prepared risk tables. These tables include the types of risks, their level and the action plan. Strategies that will reduce the impact of risks, risks to be determined for risk, risk levels, actions to be taken for risks, action responsibilities, and risks that are determined by strategic management and investment, finance, service (education and health), labor force and information categories are discussed in periodic terms.

**D) Market risk**

As a result of its operations, the Group is subject to financial risks related to price, as well as changes in exchange and interest rates. The Group management continuously monitors the breakdown of revenues and expenses based on foreign currency, the breakdown of liabilities based on foreign currency, and floating/fixed interest rates.

The changes in market conditions that lead to market risk include changes in the benchmark interest rate and changes in the price, cost price, foreign exchange rate and price or ratio indices of another entity.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

**Inventory price change risk (price risk)**

The Group is exposed to price risks as its sales prices are affected by changes in raw material stock prices. There is no derivative instrument that can be used to avoid the impact of negative price movements on sales margins. The Group reviews the balance between ordering, production and purchasing by taking into account prospective raw material prices in the future, and it tries to adjust the sales prices based on raw material price changes.

**Interest Rate Risk Management:**

The Group borrows at fixed interest rates. In Note 8, fixed interest rate borrowings, and in Note 6, interest rates time deposits are disclosed. Since the Group does not have significant borrowing over floating interest rates, sensitivity to interest rates is not significant.

**Currency Risk Management:**

As of December 31, 2017 and December 31, 2016, the net currency position of the assets and liabilities of the Group is as follows:

	<b>December 31, 2017</b>	<b>December 31, 2016</b>
A. Foreign currency assets	6,676,978	28,424,489
B. Foreign currency liabilities	155,312,434	156,089,010
<b>Net currency position (A-B)</b>	<b>(148,635,456)</b>	<b>(127,664,521)</b>

If there had been a 10-percent value change in the TL against the USD, Euro and other foreign currencies simultaneously; and if all other variables had remained the same as of December 31, 2017 and December 31, 2016; the net period profit/loss before tax as a result of net foreign exchange gains/losses arising from the assets and liabilities in these currencies, would have been;

TL 14,863,546 lower/higher as of December 31, 2017.

TL 12,766,453 lower/higher as of December 31, 2016.

Foreign currency sensitivity statement related to the Group is as follows:

	<b>Foreign currency sensitivity statement</b>			
	<b>December 31, 2017</b>		<b>December 31, 2016</b>	
	<b>Profit/(Loss)</b>		<b>Profit/(Loss)</b>	
	Appreciation of foreign currency	Depreciation of foreign currency	Appreciation of foreign currency	Depreciation of foreign currency
	<b>When USD gain/loss 10% value over:</b>

As of December 31, 2017, and December 31, 2016, the Group's hedging ratio of total foreign currency liabilities arising from total imports is the coverage ratio of the exchange rate risk by means of a derivative instrument. There is no hedging ratio of total foreign currency liabilities, since the Group has no futures trading.

**E) Credit and collection risk management**

The Group's credit and collection risk is essentially related to its trade receivables. The amount recognized in the consolidated balance sheet is the net value calculated after deducting the doubtful receivables estimated by the Group management based on its previous experiences and current economic circumstances. The Group's credit risk is distributed as it works with a number of customers.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

**Credit risk exposure based on type of financial instruments:**

December 31, 2017	Receivables				Bank Deposits	Other Current Assets
	Trade Receivables Related Party	Third Party	Other Receivables Related Party	Third Party		
<b>The maximum exposure to credit risk at the reporting date</b>	<b>1,018,010</b>	<b>934,330,065</b>	-	<b>3,987,225</b>	<b>14,671,871</b>	<b>3,437,302</b>
The part of maximum risk under guarantee with collateral etc.	-	75,392,077	-	-	-	-
Financial assets that are neither past due nor impaired the carrying value of the net	1,018,010	922,966,805	-	3,987,225	14,671,871	3,437,302
Net book value of assets past due but not impaired	-	1,760,461	-	-	-	-
Net book value of impaired assets	-	9,602,799	-	-	-	-
- Past due (gross carrying amount)	66,041	303,302,103	-	8,695,678	-	-
- Provision for impairment (-)	(66,041)	(293,699,304)	-	(8,695,678)	-	-
- Net value collateralized or guaranteed part	-	-	-	-	-	-
Off-balance sheet items with credit risk	-	-	-	-	-	-

December 31, 2016	Receivables				Bank Deposits	Other Current Assets
	Trade Receivables Related Party	Third Party	Other Receivables Related Party	Third Party		
<b>The maximum exposure to credit risk at the reporting date</b>	<b>1,955,033</b>	<b>884,719,541</b>	-	<b>3,504,975</b>	<b>21,490,615</b>	<b>2,712,354</b>
The part of maximum risk under guarantee with collateral etc.	-	76,668,077	-	-	-	-
Financial assets that are neither past due nor impaired the carrying value of the net	1,953,118	843,989,861	-	3,504,975	21,490,615	2,712,354
Net book value of assets past due but not impaired	-	9,294,347	-	-	-	-
Net book value of impaired assets	1,915	31,435,333	-	-	-	-
- Past due (gross carrying amount)	1,613,476	367,908,729	-	7,201,179	-	-
- Provision for impairment (-)	(1,611,561)	(336,473,396)	-	(7,201,179)	-	-
- Net value collateralized or guaranteed part	-	-	-	-	-	-
Off-balance sheet items with credit risk	-	-	-	-	-	-

In determining the amount, guarantee received and factors that increase in credit reliability are not considered.

Past due or not impaired financial assets is not expected to be impaired and credit risk is not projected.

Past due and impaired financial assets is as follows:

	December 31, 2017	December 31, 2016
Past due 1-30 days	2,014,199	2,443,964
Past due 1-3 months	1,955,671	5,641,220
Past due 3-12 months	34,932,316	133,334,144
Past due 1-5 years	237,313,212	186,354,516
Past due longer than 5 years	35,848,424	48,949,540
Less: Impairment	(302,461,023)	(345,286,136)
<b>Total</b>	<b>9,602,799</b>	<b>31,437,248</b>

To be considered doubtful receivables, there are different indicators, they are as follows; a) data related to uncollectible in previous years, b) the borrower's ability to pay, c) in the current sector and the current economic environment resulting in extreme conditions, d) Due to a weakening ability to collect the receivables, a provision is allocated for the entire amount of the receivables, which are subject to executive proceedings and are in the litigation stage.

Due to the weakening of the collection ability of the receivables under enforcement proceeding and litigation, these receivables are impaired.

There are no guarantees or irrevocable credit commitments received from the companies under credit risk.

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

Past due and but not impaired financial assets is as follows:

	<b>December 31, 2017</b>	<b>December 31, 2016</b>
Past due 1-30 days	756,181	1,424,813
Past due 1-3 months	32,600	629,478
Past due 3-12 months	456,739	1,898,764
Past due 1-5 years	514,941	5,341,292
<b>Total</b>	<b>1,760,461</b>	<b>9,294,347</b>

**F) Liquidity Risk Management**

The ability to fund the Company's existing and prospective debt requirements is managed by maintaining the availability of adequate funding lines, primarily from banks.

The table below summarizes the maturity profile of the Company's financial liabilities at December 31, 2017 and December 31, 2016 based on contractual undiscounted payments (including interest payments not due yet).

Maturities per contract	<b>December 31, 2017</b>				
	Book value	Total cash outflows per contract	Less than 3 months	3-12 months	1-5 years
<b>Non-derivative financial liabilities</b>	<b>621,754,854</b>	<b>690,171,505</b>	<b>137,904,417</b>	<b>281,513,545</b>	<b>270,753,543</b>
Bank loans	309,869,296	320,946,529	61,726,323	48,457,914	210,762,292

Finance lease	9,308,578	10,351,066	216,544	1,100,852	9,033,670
Trade payables	178,985,965	221,155,795	58,402,250	134,735,939	28,017,606
Other payables and liabilities	89,577,181	96,782,643	34,911,440	20,145,106	41,726,097

**Note 39 – Financial Instruments (Disclosures about Fair Value and Hedging Accounting)**

According to TAS 39 "Financial Instruments: Recognition and Measurement", financial assets are classified into four groups and financial liabilities are classified into two groups. Financial assets include loans, receivables and assets for sales items where fair value differences are reflected in the income statement. On the other hand, financial liabilities are classified into two groups: those with fair value differences reflected in the income statement and those classified as other financial liabilities.

The following are the values and classification of financial assets and liabilities as of December 31, 2017 and December 31, 2016:

<b>December 31, 2017</b>	<b>Financial asset as at fair value through profit or loss</b>	<b>Held-to-maturity investments</b>	<b>Loans and receivables</b>	<b>Available-for-sale financial assets</b>	<b>Other financial liabilities measured at amortized cost using the effective interest method</b>
<b>Financial Assets</b>					
Cash and cash equivalents	15,881,830	2,227,343	-	-	-
Financial investments	-	-	-	914,306	-
Trade receivables	-	-	935,348,075	-	-
Other receivables	-	-	3,987,225	-	-
<b>Financial Liabilities</b>					
Financial Borrowings	-	-	-	-	318,339,397
Trade payables	-	-	-	-	218,700,447
Other payables	-	-	-	-	5,338,203

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

December 31, 2016	Financial asset as at fair value through profit or loss	Held-to-maturity investments	Loans and receivables	Available-for-sale financial assets	Other financial liabilities measured at amortized cost using the effective interest method
<b>Financial Assets</b>					
Cash and cash equivalents	12,261,751	11,941,218	-	-	-
Financial investments	-	-	-	914,306	-
Trade receivables	-	-	886,674,574	-	-
Other receivables	-	-	3,504,975	-	-
<b>Financial Liabilities</b>					
Financial Borrowings	-	-	-	-	273,750,937
Trade payables	-	-	-	-	178,985,966
Other payables	-	-	-	-	3,466,247

Fair value measurements of financial assets and liabilities are explained at the relevant accounting policies section, and there is no events that require additional valuation process. Book value of cash and cash equivalents is considered to be close to fair value.

**Note 40 – Subsequent Events**

**Approval of consolidated financial statements**

The consolidated financial statements as of December 31, 2017 have been approved by the Board of Directors and are endorsed to be issued on March 12, 2018. The General Assembly has the right to change the consolidated financial statements.

**Company Merger**

Subsidiaries of the Group, İhlas Motor A.Ş. and Bisan Bisiklet Moped Otomotiv Sanayi ve Ticaret A.Ş. decided to merge entirely with all of their assets and liabilities on January 23, 2018 and the merger process begins. İhlas Motor A.Ş. will take over Bisan Bisiklet Moped Otomotiv Sanayi ve Ticaret A.Ş. as a whole with all assets and liabilities. pursuant to article 136 of the TCC No. 6102 and articles 19 and 20 of CTL No. 5520.

**Note 41 – Other Items to Clarify and Explain the Financial Statements and Matters that Significantly Affect the Financial Statements**

**a) Explanations Regarding Ongoing Construction Projects**

The Group has developed a construction project (KRİSTALŞEHİR) with İhlas İnşaat Proje Taahhüt Turizm ve Ticaret A.Ş., the Group company, on a 142,796.98 m<sup>2</sup> area in Esenyurt, Istanbul. The project consists of 18 blocks and social facilities, as well as 4,655 residences and 82 office spaces. An area of 638,454.48 m<sup>2</sup> will be constructed in total, which includes the communal areas.

The Group undertook the project on a 36,675.89 m<sup>2</sup> portion of the site, on an apartment-for-land basis. Of the project, 28,75%, in other words, 322 residences and 6 office spaces, shall be handed over by the Group to the Esenyurt Municipality in return for land. The Group gets 798 apartments from this section. The construction of these apartments have been completed.

İhlas İnşaat Proje Taahhüt Turizm ve Ticaret A.Ş., the Group company, will build on an apartment-for-land basis on the remaining 106,121.09 m<sup>2</sup> part of the project. Of the project built by İhlas İnşaat Proje Taahhüt Turizm ve Ticaret A.Ş., 1,123 residences and 23 office spaces will be given to the land owners on a apartment-for-land basis. İhlas İnşaat Proje Taahhüt Turizm ve Ticaret A.Ş. will get 2,412 apartments and 53 business spaces from this part of the project. As of December 31, 2017, nearly 96% of the project that the company is building has been completed.

Out of the Group's total apartments, 2,949 units and 49 business units have been sold against advance payment. Invoicing for these units will be performed during delivery and upon completion of the projects. This part of the project is planned for completion by the end of 2018.

İhlas Yapı Turizm ve Sağlık A.Ş., the Group company, has developed the "BİZİMEVLER - 7" project in the İspartakule district, Avcılar, Istanbul. The Group has entered into an agreement with the land owner based on

**Notes to the Consolidated Financial Statements for the year ended December 31, 2017**

(All amounts are expressed in Turkish Lira (TL) unless otherwise stated.)

41% revenue sharing model. İhlas Yapı Turizm ve Sağlık A.Ş. has transferred this project to another company to develop the project based on revenue sharing model, with 45% of the revenues going to the Group. A total of 532 units and 48 business units were built in the project as of December 31, 2017. As of December 31, 2017, 73% of the total apartments, or 392 units and 31 business units, have been sold with advance payment.

At the meeting of the Board of Directors of the Group, it was resolved to build 450 apart units, one cure center and one administration building on a 62,775 m<sup>2</sup> area registered as an asset for the Group on block 548 parcel 2 in Armutlu district of Yalova. The Group has entered into an agreement with Armutlu Holiday Village Ordinary Partnership to have a project developed based on the “revenue sharing” model. Accordingly, 25% of the revenues from the 450 apart-units will go to the Group and the remaining 75% to the contractor as construction building fee.

Also, the Group will get the administration building and the cure center building at the construction, which is slated for complete in 24 months. As of the balance sheet date, nearly 95% of the project has been developed and 362 units have been sold against advance payment.

İhlas Pazarlama A.Ş. - İhlas Yapı Turizm ve Sağlık A.Ş. Ordinary Partnership, the Group company, have signed a revenue sharing and apartment-for-land construction agreement with the land owners to develop a project on a 92,293 m<sup>2</sup> land registered on block 498, parcel 1 in the Güzelce neighborhood of Büyükçekmece district in Istanbul. Construction activities have been started by taking necessary permissions from legal institutions. As of December 31, 2017, approximately 13.65% of the project that the company is building has been completed and 12% of the total apartments, or 97 units, have been sold with advance payment. In this project, 709 apartments and 111 commercial units will be built and the project is planned to be completed by June 30, 2020.

Pursuant to Law No. 6306, İhlas Yapı Turizm ve Sağlık A.Ş. (İhlas Yapı), a Group company, commenced work to develop and build the urban transformation project on a 988,000 m<sup>2</sup> area, which includes Karayolları and Yenimahalle of the Gaziosmanpaşa district of Istanbul. In this context, İhlas Yapı signed a contract with Gaziosmanpaşa İnşaat Yatırım Taahhüt Hizmetleri Sanayi ve Ticaret A.Ş., a subsidiary of Gaziosmanpaşa Municipality, and paid the USD 3,000,000 needed to enter the agreement into force. The relevant municipality and municipal company will make the necessary agreements with rights holders, and hand over the empty area over to İhlas Yapı. As a result of the studies to be developed for this project, the Group will leave a maximum of 40% of the construction to the right holders and the municipal company. The construction of the remaining 60% will be evaluated by İhlas Yapı. Taking the size of the specified area into account, İhlas Yapı will carry out the project in phases that it will determine.

In order to construct residential and business properties with the land owners, Kiler Gayrimenkul Yatırım Ortaklığı A.Ş., of 31,309-square meter land registered on block 482, parcel 3 and 30,396-square meter land registered on block 484, parcel 12; İhlas Gayrimenkul Proje Geliştirme ve Ticaret A.Ş. of 1,432-square meter land registered on block 484, parcel 11 in Yakuplu neighborhood of Beylikdüzü district in Istanbul, the Group company, İhlas Marmara Evleri Ordinary Partnership, signed “revenue sharing in return for land” agreement for construction, sales and marketing. The project is planned to be completed in the southern (block 482, parcel 8) and the northern (block 484, parcel 17) stages, which started in 2017, and the southern stage will be completed in 36 months and the northern stage in 40 months. Within the scope of the project, 1,321 flats and 64 commercial units will be built.
