

About us

[Find local website](#)

ERIKS is a specialized industrial service provider that offers a wide range of technical products, co-engineering and customization solutions, as well as related services. We help customers in a variety of industrial segments to improve their products' performance and reduce their total cost of ownership.

Our technical know-how is the basis of our specialism. Over the last 80 years, we have built up deep expertise in the areas of sealing & polymer, gaskets, valves & instrumentation, industrial & hydraulic hoses, industrial plastics, power transmission & bearings, conveying systems and tools, maintenance & safety products. We supply A-brands as well as our own ERIKS products. A strong focus on digitalization and data insights allows us to develop new services and improve processes for our customers.

At ERIKS, we stand for doing good business. We value long-lasting relationships with all our stakeholders, conduct business in a fair and transparent way and contribute to a better and more sustainable society.

ERIKS Company Film

Our mission

We apply our skills, knowledge and expertise to make industrial companies work better, increasing their efficiency, while continuously challenging both them and us to improve. This starts with PSI. Through our Passion, Specialism and Innovation, we make industry work better.
