4a (Code:) (Expenses \$ 154,746 including grants of \$) (Revenue \$ 9,172)

The following more detailed goals support the overall mission: To provide resources for foundation projects - eg. infrastructure, funding, legal. To promote freely available geodata - free software is useless without data. To promote the use of open source software in the geospatial industry (not just foundation software) - eg. PR, training, outreach. To encourage the implementation of open standards and standards-based interoperability in foundation projects. To ensure a high degree of quality in foundation projects in order to build and preserve the foundation "brand". To make foundation and related software more accessible to end users.
