GROUP STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2021

Introduction

The director presents his Group Strategic Report for the year ended 31 December 2021.

The principal activity of the Group is the wholesale of Specialist ESD and cleanroom production consumables to the electronics, pharma, healthcare, biotech, defence & automotive sectors as well as providing global service, supply chain management and procurement outsourcing to manufacturing companies worldwide.

Business review and key performance indicators

The director is pleased to report the results for the year to 31 December 2021 show a further period of successful trading with turnover increasing by 7% from £13,215,587 to £14,142,918. Continuing careful monitoring of costs has resulted in an improved gross margin of 1.6% on prior year even with the global logistic challenges and material price increases experienced over the last eighteen months.

The Group has also achieved an improved profit for the financial year of £940,280 compared to £694,580 in the prior year.

With the ongoing effects of COVID-19 and the disruption to global trade and logistics, the Group is still experiencing difficulties in onboarding and supporting customers, but is using all communication tools and operational analysis to meet and maintain our service levels and support to our customers in the issues they face in their sectors.

Overall control was a key focus during the pandemic and the Group continue to look for efficiencies as different factors domestically and internationally present over the coming months.

The Group is paying particular attention to the Ukraine conflict; escalating fuel prices and the wider factors affecting fuel supply, and the well documented cost of living increases and inflationary concerns.

The net assets within the Consolidated Statement of Financial Position have improved by £757,405 year on year to a position of £4,870,507 as at 31 December 2021.

The Group's Future Strategy pays particular attention to continuing brand growth with a footprint to serve clients globally as recognised with the Group's Queen's Award for Enterprise International Trade (April 2020).

The Group is engaged in expanding its Antistat and Integrity brands, and adding new geographical areas in which the Group Trades, maintaining its existing customer base and looking to capitalise on the rewarding US market. The Group has launched its own product label and brand internationally and early comment and reaction has been positive. The Group continues to undertake new product introduction to both existing customers and new opportunities.

The Group has and continues to invest in people through a management and mentoring programme and actively engaging with the apprenticeship scheme.

Investment

The Group retains a diverse investment portfolio which includes property, listed stocks, Wine and Art. This combination blends well with cash deposit holdings in to a mixed risk and return strategy.

During 2020 and 2021 the Group engaged in a legacy property refurbishment and repair project to meet building health and safety regulations. As a listed property the project also had to comply with specific building and conservation requirements. This project is now complete and the Group does not expect significant investment expenditure beyond care and maintenance in the short to medium term.

**GROUP STRATEGIC REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2021**

Sustainability

The Group is committed to meeting the needs of the present without compromising the ability of the future generation to meet theirs. Its sustainability policy covers economic, environmental and social responsibilities, protecting the business community, employees, supply chain and customers.

The Group works with customers to provide innovative green packaging solutions, reducing waste and promoting recycling services. Wherever in the world, all Group employees and business partners are expected to demonstrate high standards of professionalism and integrity when conducting business on the Group's behalf.

Principal risks and uncertainties

The director keeps the risks and uncertainties that affect the business under constant review.

COVID-19

The effects and continuing uncertainty of the ongoing COVID-19 pandemic are and will continue to be felt for many months and possibly years to come and remains one of the largest threats to the Group both in the short and medium term. All necessary precautions have been taken to protect staff against COVID-19.

Market risk

Being competitive in the market that supports manufacturing, it is important to review the territories where our supply chain operates, looking to diversify in to new countries, looking for our global partners of tomorrow. We refrain from any xenophobic attitude in deciding who our global partners are, but are diligent in our due diligence on the quality, pedigree and ethics of our partners.

Liquidity risk

Liquidity risk is managed through a robust assessment of working capital needs and retaining sufficient cash and access to borrowings to ensure that the Group has appropriate available funds for operations and planned expansion. The Group utilises import stocking loan and invoice discounting facilities with its bank, to maintain cashflow.

Foreign exchange risk

Foreign exchange risk arises from cashflows associated with contracting in overseas currencies. The Group manages this risk by assessing these contracts and monitoring foreign exchanges rates.

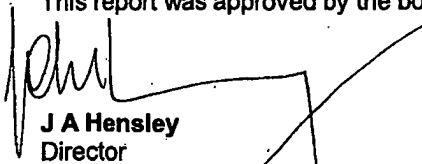

Credit risk

Credit risk arises from transactions with third party customers. The Group has policies which require appropriate credit checks on potential customers, regular review of the utilisation of individual customer credit limits and rigorous credit control procedures.

Operations

The Group's ability to successfully deliver what their customers require is material to its continued growth and development. The Group maintains its existing ISO 9001 quality management certification and industry compliance. Health & Safety is of prime importance to the Group and the director is committed to continual improvement in that performance.

This report was approved by the board and signed on its behalf.

DIRECTOR'S REPORT FOR THE YEAR ENDED 31 DECEMBER 2021

The director presents his report and the financial statements for the year ended 31 December 2021.

Director's responsibilities statement

The director is responsible for preparing the Group Strategic Report, the Director's Report and the consolidated financial statements in accordance with applicable law and regulations.

Company law requires the director to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the director must not approve the financial statements unless he is satisfied that they give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the Group for that period.

In preparing these financial statements, the director is required to:

- select suitable accounting policies for the Group's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and the Group and to enable him to ensure that the financial statements comply with the Companies Act 2006. He is also responsible for safeguarding the assets of the Company and the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Results and dividends

The profit for the year, after taxation, amounted to £940,280 (2020 - £694,580).

Dividends totalling £180,000 were declared for 2021 (2020 - £165,000).

Director

The director who served during the year was:

J A Hensley

Qualifying third party indemnity provisions

The Group has maintained throughout the year directors' liability insurance for the benefit of the Group and its directors. The Group has entered into qualifying third party indemnity arrangements for the benefit of all its directors in a form and scope which comply with the requirements of the Companies Act 2006 and which were in force throughout the year and remain in force.

Matters covered in the Group Strategic Report

Information on the business review, key performance indicators and principal risks and uncertainties are covered in the Group Strategic Report.

**DIRECTOR'S REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2021**

Disclosure of information to auditors

The director at the time when this Director's Report is approved has confirmed that:

- so far as is aware, there is no relevant audit information of which the Company and the Group's auditors are unaware, and
- has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company and the Group's auditors are aware of that information.

This report was approved by the board and signed on its behalf.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF ANT GROUP LIMITED

Opinion

We have audited the financial statements of ANT Group Limited (the 'parent Company') and its subsidiaries (the 'Group') for the year ended 31 December 2021, which comprise the Group Statement of Comprehensive Income, the Group and Company Statements of Financial Position, the Group Statement of Cash Flows, the Group and Company Statement of Changes in Equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Group's and of the parent Company's affairs as at 31 December 2021 and of the Group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the director's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Group's or the parent Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the director with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the Annual Report other than the financial statements and our Auditors' Report thereon. The director is responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

ANT GROUP LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF ANT GROUP LIMITED (CONTINUED)

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Group Strategic Report and the Director's Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Group Strategic Report and the Director's Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Group and the parent Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Group Strategic Report or the Director's Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of director's remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Director's Responsibilities Statement set out on page 3, the director is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the director determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the director is responsible for assessing the Group's and the parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the director either intends to liquidate the Group or the parent Company or to cease operations, or have no realistic alternative but to do so.

ANT GROUP LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF ANT GROUP LIMITED (CONTINUED)

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Group financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

Due to the field in which the Group operates, we identified the areas most likely to have a direct material impact on the financial statements as compliance with UK tax legislation, UK accounting standards and the Companies Act 2006. In addition, we considered the provisions of other laws and regulations which, whilst not having a direct impact on the financial statements, are fundamental to the Group's ability to operate including employment law, GDPR and health and safety regulations.

Our approach to identifying and assessing the risk of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, included the following:

- Enquiries with management about any known or suspected instances of non-compliance with laws and regulations, accidents in the workplace and fraud;
- Reviewing compliance with laws and regulations including ISO standards;
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations;
- Challenging assumptions and judgements made by management in their significant accounting estimates, in particular in relation to provisions for stock and the valuation of unlisted investments and investment property; and
- Auditing the risk of management override of controls, including through testing journal entries and other adjustments for appropriateness, and evaluating the business rationale of significant transactions outside the normal course of business.

There are inherent limitations in our audit procedures described above. The more removed that laws and regulations are from financial transactions, the less likely it is that we would become aware of non-compliance. Auditing standards also limit the audit procedures required to identify non-compliance with laws and regulations to enquiry of the directors and other management and the inspection of regulatory and legal correspondence, if any.

Material misstatements that arise due to fraud can be harder to detect than those that arise from error as they may involve deliberate concealment or collusion.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' Report.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditors' Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

ANT GROUP LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

1. General information

ANT Group Limited is a private company, limited by shares and registered in England and Wales, registration number 02939122. The address of the registered office is Integrity House, Easlea Road, Bury St Edmunds, Suffolk, IP32 7BY.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The financial statements are presented in Sterling which is the functional currency of the Company and rounded to the nearest pound.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires Group management to exercise judgment in applying the Group's accounting policies (see note 3).

The Company has taken advantage of the exemption allowed under section 408 of the Companies Act 2006 and has not presented its own Statement of Comprehensive Income in these financial statements.

The following principal accounting policies have been applied:

2.2 Basis of consolidation

The consolidated financial statements present the results of the Company and its own subsidiaries ("the Group") as if they form a single entity. Intercompany transactions and balances between group companies are therefore eliminated in full.

The consolidated financial statements incorporate the results of business combinations using the purchase method. In the Statement of Financial Position, the acquiree's identifiable assets, liabilities and contingent liabilities are initially recognised at their fair values at the acquisition date. The results of acquired operations are included in the Consolidated Statement of Comprehensive Income from the date on which control is obtained. They are deconsolidated from the date control ceases.

2.3 Going concern

The Group has continued to grow and has generated healthy profits for the year ended 31 December 2021 despite the residual COVID-19 pandemic. The director considers that the financial strength of the Group, when taking account of the most recent management information, cash flow forecasts and availability of financing through import loans and debt factoring arrangements, will allow the Group to continue in operational existence for the foreseeable future, being at least twelve months from the date of signing these financial statements.

On this basis, the director therefore believes it is appropriate to continue to prepare the financial statements on a going concern basis.

ANT GROUP LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

2. Accounting policies (continued)

2.4 Revenue recognition

Turnover comprises income recognised by the Group in respect of the wholesale of static protection products to the electronics industry, including specialist tools and filter products.

Turnover is recognised at the fair value of the consideration received or receivable for goods and services provided in the normal course of business, and is shown net of VAT and other sales related taxes. The fair value of consideration takes into account trade discounts, settlement discounts and volume rebates.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer (usually on despatch of the goods or on the transfer of goods to pallets), the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

2.5 Government grants

Grants of a revenue nature are recognised in the Consolidated Statement of Comprehensive Income in the same period as the related expenditure.

2.6 Interest income

Interest income is recognised in the Consolidated Statement of Comprehensive Income using the effective interest method.

2.7 Finance costs

Finance costs are charged to the Consolidated Statement of Comprehensive Income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

ANT GROUP LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

2. Accounting policies (continued)

2.8 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company and the Group operate and generate income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the reporting date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

2.9 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

On consolidation, the results of overseas operations are translated into Sterling at rates approximating to those ruling when the transactions took place. All assets and liabilities of overseas operations are translated at the rate ruling at the reporting date. Exchange differences arising on translating the opening net assets at opening rate and the results of overseas operations at actual rate are recognised in other comprehensive income.

2.10 Operating leases: the Group as lessee

Rentals paid under operating leases are charged to the Consolidated Statement of Comprehensive Income on a straight-line basis over the lease term.

ANT GROUP LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

2. Accounting policies (continued)

2.11 Pensions

Defined contribution pension plan

The Group operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity. Once the contributions have been paid the Group has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of Financial Position. The assets of the plan are held separately from the Group in independently administered funds.

2.12 Intangible assets

Goodwill

Goodwill represents the difference between amounts paid on the cost of a business combination and the acquirer's interest in the fair value of the Group's share of its identifiable assets and liabilities of the acquiree at the date of acquisition. Subsequent to initial recognition, goodwill is measured at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful life of that asset.

The estimated useful lives range as follows:

Goodwill	-	10	years
----------	---	----	-------

If there is an indication that there has been a significant change in amortisation rate, useful life or residual value of an intangible asset, the amortisation is revised prospectively to reflect the new estimates.

2.13 Investment property

Investment property is carried at fair value determined annually by external valuers and derived from the current market rents and investment property yields for comparable real estate, adjusted if necessary for any difference in the nature, location or condition of the specific asset. No depreciation is provided. Changes in fair value are recognised in profit or loss.

2.14 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

ANT GROUP LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

2. Accounting policies (continued)

2.14 Tangible fixed assets (continued)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives.

Depreciation is provided on the following basis:

Long-term leasehold property	- Straight line over the period of the lease
Plant and machinery	- 15% reducing balance
Motor vehicles	- 25% straight line
Fixtures and fittings	- 15% - 30% reducing balance

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.15 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

Investments in unlisted assets, whose market value can be reliably determined, are remeasured to market value at each balance sheet date. Gains and losses on remeasurement are recognised in the Consolidated Statement of Income and Retained Earnings for the period. Where market value cannot be reliably determined, such investments are stated at historic cost less impairment.

Investments in listed assets are remeasured to market value at each Statement of Financial Position date. Gains and losses on remeasurement are recognised in profit or loss for the period.

2.16 Stocks

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a weighted average basis.

At each reporting date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

2.17 Finance leases and hire purchase contracts

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to profit or loss so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

ANT GROUP LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

2. Accounting policies (continued)

2.18 Debtors

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.19 Debt factoring

The Group has a debt factoring agreement with recourse. The amounts owed by customers to the Group are included within trade debtors and the relevant amounts owed to the debt factoring company are included within creditors.

2.20 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Consolidated Statement of Cash Flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Group's cash management.

2.21 Creditors

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.22 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders.

2.23 Provisions for liabilities

Provisions are made where an event has taken place that gives the Group a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to profit or loss in the year that the Group becomes aware of the obligation, and are measured at the best estimate at the reporting date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Statement of Financial Position.

ANT GROUP LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

2. Accounting policies (continued)

2.24 Financial instruments

The Group only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Consolidated Statement of Comprehensive Income.

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

3. Judgments in applying accounting policies and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. However, the nature of the estimation means that actual outcomes could differ from those estimates. The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements:

Stock provisions

When calculating stock provisions, management considers the nature and conditions of the stock items, as well as applying assumptions around the anticipated saleability of them. See note 20 for the carrying value of stocks.

Valuation of unlisted investments

Certain assets including art work and fine wine are carried in the accounts at valuation. The determination thereof is an estimate that involves the application of judgement. Details on the basis of this valuation are given in note 18.

Valuation of investment property

The investment property held by the Company is carried in the accounts at valuation. The determination thereof is an estimate that involves the application of judgement. Details on the basis of this valuation are given in note 19.

13. Taxation (continued)

Factors affecting tax charge for the year

The tax assessed for the year is higher than (2020 - higher than) the standard rate of corporation tax in the UK of 19% (2020 - 19%). The differences are explained below:

	2021 £	2020 £
Profit on ordinary activities before tax	1,271,890	890,806
Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 19% (2020 - 19%)	241,659	169,253
Effects of:		
Expenses not deductible for tax purposes, other than goodwill amortisation and impairment	72,158	26,894
Non-taxable income	(11,176)	(8,172)
Chargeable losses	(61,111)	-
Deferred tax remeasurement of rates	(23,339)	2,656
Deferred tax not recognised	94,387	-
Other differences leading to an increase (decrease) in the tax charge	19,032	5,595
Total tax charge for the year	331,610	196,226

Factors that may affect future tax charges

Future tax charges may be affected by the increase in the rate of corporation tax from 19% to 25% with effect from 1 April 2023. This has already been reflected in the deferred tax liability.

14. Dividends

	2021 £	2020 £
Dividends paid on ordinary shares	180,000	165,000

15. Parent company profit for the year

The Company has taken advantage of the exemption allowed under section 408 of the Companies Act 2006 and has not presented its own Statement of Comprehensive Income in these financial statements. The profit after tax of the parent Company for the year was £374,768 (2020 - £185,782).

Additions at cost	551,637
Deficit on revaluation	(358,051)
At 31 December 2021	450,000

The freehold investment property underwent restoration works during the period. Kemsley LLP, professionally qualified valuers, performed an inspection on 3 November 2021 which stated that the expected valuation of the property at completion would be £450,000. As the restoration was substantially complete by 31 December 2021 with all further costs accrued, the directors consider the property to be valued at £450,000 at 31 December 2021.

If the Investment properties had been accounted for under the historic cost accounting rules, the properties would have been measured as follows:

	2021 £	2020 £
Historic cost	1,003,896	452,259
Accumulated impairments	(553,896)	(195,845)
