For the year ended 28 February 2023 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

1. The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476.
2. The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of accounts.

These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime and in accordance with the provisions of Part 15 of the Companies Act 2006. In accordance with Section 444 of the Companies Act 2006, the income statement has not been delivered to the Registrar of Companies.

The financial statements were approved by the board of directors on 27 April 2023 and were signed on its behalf by:

Mr S A Wilkins
Director

STEWART WILKINS LTD
Notes to the Financial Statements
For the year ended 28 February 2023

General Information

Stewart Wilkins Ltd is a private company, limited by shares, registered in England and Wales, registration number 11849687, registration address 1 Hartley Close, Dibden Purlieu, Southampton, Hampshire, SO45 4LU.

The presentation currency is £ sterling.

1. Accounting policies

Significant accounting policies

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by Section 1A of the standard)

Going concern basis

The directors believe that the company is experiencing good levels of sales growth and profitability, and that it is well placed to manage its business risks successfully. Accordingly, they have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

Cost of sales

The cost of sales is the accumulated total of all costs used to create a product or service, which has been sold.

Government grants

Government grants received are credited to deferred income. Grants towards capital expenditure are released to the income statement over the expected useful life of the assets. Grants received towards revenue expenditure are released to the income statement as the related expenditure is incurred.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Tangible fixed assets

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Computer Equipment	25% Straight Line
Plant and Machinery	25% Straight Line

Stocks

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving items.

Provisions

Provisions are recognised when the company has a present obligation as a result of a past event which it is more probable than not will result in an outflow of economic benefits that can be reasonably estimated.

Financial instruments

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

When a financial asset or financial liability is recognised initially, the entity shall measure it at the transaction price unless the arrangement constitutes, in effect, a financing transaction. An arrangement constitutes a financing transaction if payment is deferred beyond normal business terms or is financed at a rate of interest that is not a market rate.

At the end of each reporting period, an entity shall measure all financial instruments which constitute a financing arrangement at fair value and recognise changes in fair value in profit or loss.

2. Average number of employees

Average number of employees during the year was 1 (2022 : 2).
