## MCA Computer Corporation Hits Revenue Milestone, Exceeds \$50 Million in Gross Sales

Share      ...

IRVINE, Calif.--(BUSINESS WIRE)--**MCA Computer Corporation** – MCA, a rapidly expanding Aerospace, Defense, and Healthcare IT solutions provider and systems integrator, announced that its gross revenue has exceeded \$50 million in sales ending December 31, 2023.

Specializing in delivering new custom-configured systems, critical spares, and professional services, MCA offers complete custom configured systems, engineering services, testing, repairs, and maintenance support.

“This recent achievement underscores the strength of our success with key customers such as Lockheed Martin, Boeing, General Dynamics, Philips Health Care, AGFA, and others. Trust, responsiveness, client-centric collaboration, and on-time/on-budget delivery have consistently been our standard practices across all contracts,” stated [Paul Makhail](#), President, MCA Corporation.

“Our highly skilled team of OEM certified engineers, buyers, and quality managers empowers us to maintain our competitive edge by supplying high-quality current products sourced from the U.S.A. Additionally, we provide constrained and end-of-life equipment vital to the continued operations of many organizations that may not always be available through OEM options.”

MCA has strategically invested in its relationships with key customers. Over the past 25 years, this partnership has yielded:

- Delivery of over 10,000+ systems
- Expanded Product Lifecycle Repair and Maintenance Services
- Extended support for HPE, Oracle, IBM, and Dell end-of-life systems
- MCA AI-driven predictive maintenance tool
- Support for over 10 current U.S. Government programs (3 development programs and 7 production programs)
